## **BEHOLD I CALL YOU**

Beloved children!

Rise from comfortable complacency unbelieving and conflicted mind, and extend your loving hands to your neighbor in need of help.

Help My unfortunate little ones, for it is Me that you answer.

This is My calling, which is not covered with unearthly glories.

Behold, I call you for fraternal and sincere help in the silence of your hearts.

Come, my little ones, help the afflicted ones, wipe the tears from their faces and dry the tears from their hearts.

Give them back hope and trust in Him that is Eternal!

Your hands are Our hands; your eyes are Our eyes.

Come and heal the sick brothers.

I am the One who covers all pains and turns them into joy!

I am

Jesus - Sananda

## PRESENTATION

**“Your pains are of Mine; your rebellion is my suffering!” ...**

Who but Jesus to speak these words to us?

This is the reason we decided to gather all the messages we have been receiving over the years up to now in this simple little book, so that we could be closer HIM.

We know that many of you would say: “It is not possible”! “I can’t believe what I’m reading!” “coming from a Spiritist House”?

Do not forget what He Himself said, in those memorable times:

“When two or more people come together in the name of God, there I will be!” He did not specify place, where and when.

Recently, in October of 2003, in Morro do Chapéu, Chapada Diamantina, Bahia, set down on floor, at the top of the hill, under wonderful blue sky and in the distance, the look of the horizon with a spectacular 360° curvature, surrounding us which I will never forget. And, all that beautiful landscape was carpeted by a lush green plain, cut by roads and trails, warm and glowing, like precious pebbles due to the morning encounter of the sun's rays with the dew fallen on the plants.

It was simply moving and majestic, inviting us to salute Mother Nature.

And that's exactly what we did.

We expected, as usual, to receive communication from Superior Brothers, but to our surprise, it was the Divine Rabbi of Galilee, Loving Jesus who manifested himself.

Here are his striking and sensible words:

**“I made myself a man among you so that you might listen and learn.**

**As a man, they did not accept me as Son of God. As Son of God, many people did not accept as man, and the words full with His Love and wisdom were lost inert in time.**

**"As Promised, I remain among you, Divine Spark radiating the Light of My Thought among men"...**

Vitoria (ES) / December 2007

**Remark:** This complete message can be found on this little great work.

Read it without prejudice and feel that only HIM would be able to spread so much sweetness and kindness, donation and love, in such simple words.

Praised be our Lord Jesus Christ.

**Note:** Sananda is the cosmic name of Jesus. Ramatis is the same Master Kuthumi of the Great Universal White Fraternity, creator and spiritual mentor of GESJ.

## 01 – WHY DO NOT YOU WORTH?

Surrender thanks to your condition.

Rejoice, for you have already reached this point and because I will always be with you, whenever you still have to walk.

Come to ME, you who are my little ones!

Walk towards Me.

- Medium's words:

At that moment, I mentally revealed that I felt unworthy to see him or to hear his words, I heard:

How are you not worthy?

Are you not candidates to serve Me?

Do not be afraid of My Light burning you!

Receive it as a balm which your weary souls need. Do not be afraid! Come to ME. I wait for you placid and meek.

You cannot forget your mistakes of the past, it is certain, since you carry them in your bodies, but don't let them drag you away of me.

Why the anguish? Could I among you find someone perfect?

Any of you who wants to see ME, just turn pure the heart and I will be there in the depths of your soul, waiting for you.

Do not be carried away by anguish or fear, you who were made for joy, you who are image and likeness of the FATHER.

I surrender thanks to your condition.

Rejoice, for you have already walked up to now, and wherever you are, I will always be with you, it is enough, you want myself by your side.

- Medium's words:

*I felt the energy decreasing while waiting for continuation of the message, when I heard:*

I cannot say goodbye, because I never leave you. I always with you.

Blessed are my little brothers.

Sananda, 07/07/1997

## **02 - LET THE CHILDREN COME TO ME**

"I said I would come back.

I am already among you, as I have always been, but now you can hear me speaking again.

Now, you have ears to hear.

I speak to you through my commanders, soldiers of brother Ashtar, trained by the great Ashtar.

This spot of light will guide many of those who are yet to come for the final events of the GREAT PLAN.

As far as it can be seen, it shall guide "Workers of Good" towards this planet. Each little light will be able to guide many of those who will benefit others.

Everything depends on activating the "Flame of Love." While this "force center" is emanating, radiating its own energy, it creates continuous, rhythmic and pulsating flow, becoming a free channel for exchange of cosmic energies.

That's your job. This is your mission: Publish more and more among men, your job as generators of life on the Planet Earth, through the experiencing and radiating Love.

Every living being on this planet is a living cell, integrating the universal forces consolidated as matter and must overcome matter to free itself of the thick shell that envelops the monad (spirit).

Love is the only way.

That's what I told you 2000 years ago.

Now you can understand. It's time of acting.

Let my little ones come to Me, for them is the kingdom of Heaven, which you have already conquered and now we bring as the vision from unreal to real.

Let Me come to Me, I am the One who calls them waking up from the great illusory dream. Do not block them the minds with fakes.

Bring them to Me with the dissemination of the purposes of the "contacts" you have been receiving. They need you.

They need other prepared souls to guide them to Me.

Let them come to Me, shepherds of sheep.

You are now my flock and my shepherds. Lead these straying souls, opening the paths and showing them the Light. it's not you who will show them the way. We will do it through you. Let them come to Me.

Lead them to Me so that they no longer live in affliction, and then they may meet again Peace and Fullness.

Carry them in the arms if necessary, as many of them cannot walk, such are the stones attached to their bodies. They are lost. The darkness threatens them.

You will be their eyes, guiding them up to Me.

Let them come to Me.

Your Mission is your rescue.

Dear son of my Father, I kiss you on your faces inviting you to My conviviality.

Little brothers, my welcoming Soul embraces your pains.

Go ahead, I will be always supporting you.

Explosions of Love pulsate in you to feel My Presence with you.

At that time, elevate the thoughts to the High thankful for your life.

I call you to work for the redemption of the humanity, for your own redemption as favorite children of My FATHER.

“Take my words into your hearts. You are Servants of Mine.”

**Medium's clairvoyance, accompanied by quick and complex explanation, not being possible to note down everything that has been said, but we will try to give you a little idea.**

*He saw a spot of light coming from irradiation of the communication emitted by the Tower of Command, which is a large crystal antenna, placed in the heart of Planet Earth, on Planalto Central in Goiás State. From that Center of Forces, depart channels, linking it to several Brazilian Cities and other points already awaiting activation.*

*He saw from Brazil radiate to the world a great glowing spotlight. The energy that feeds the focus of light comes from various points in the Universe, originating from vibrations of Love emanating from extra-planetary monads in an advanced state of purity, being directed towards planetary convergence. What these Beings ask us is to develop our potential for love so that the earthly humanity itself may feed that Center of Force and close the circuit, keeping it alive through our angelic emanations. The crystal integrates the energy circuit powered by Love, receives and distributes this energy-light surrounding the entire planet.*

*Each awakened consciousness, that is, each human being, is a generator of light capable of feeding this center of force. Thence the importance of awakening the consciences, so that they voluntarily integrate the light circuit.*

### **03 – STAND UP, COME TO ME!**

When the trumpets sound for you to work, stand up and come, leaving behind everything that belongs to you.

Come to Me and I will give you the comfort you need, however, you will realize that you have nothing.

Peace that everyone seeks can only be found in a pure heart free from sorrow and pain; filled with joy and Love!

Give your soul to the FATHER and He will lift you up before life, enriching your existence with His Infinite love.

Give up the requirements of an intellectual order and activate values of a spiritual order.

Give yourselves to work, helping, remembering the moments when you were, each one of you, begging for help.

Just yesterday, we heard your cries begging for blessed help. We went to help your soul tired of such prolonged pains.

Today, when you already understand the task of the Armies of Good you are called to take part of the fraternal work.

Why to give it up?

Do you not consider important the cry for help that reaches you?

Would you be here if we had not heard your cries for help in those days?

Above all, be charitable, My brothers.

Extend your hand and help the afflicted ones.

Turn your steps back to catch a delayed brother.

Support your weary brother on your shoulders.

Comfort those who weeps bitter tears, smooth his aching and suffering forehead and, believe me, to everyone who you help, it is Me you help!

Help more and more, for the pains spread while the debtors remain in their farms forgetting the blessed credit of help

I give you My Peace, My PEACE I leave you.

I guide and welcome you into MY Heart, which is greater than the pains on earth.

Come to Me in PEACE.

Jesus Sananda, 1998

**Note:**

*We have already received several messages with signature of Jesus Sananda, but we were not sure whether we should or not, publish them. Do you know why?*

*We thought we were too small to receive such a gift and then we started thinking wrong: people won't believe it... Now, thinking better, we decided to publish them, people believe it or not. If they don't believe, that's their problem, but if we receive them and we don't publish them, it's our problem. We've already dealt with enough problems.*

*Times later, I thought: what a channel or medium is? He is a communication instrument dealt by "invisible forces" at service of Good or Evil. Then, we cannot keep messages unless the Superior Brothers forbid us.*

*We can no longer receive messages like this and keep them, out of fear of people's judgment, which, in my opinion, is still as imperfect as human beings themselves. On the other hand, it would be like keep the Light under a bushel... And we are already living the times arrived!*

#### **04 - COME IN THE LIGHT TO MEET ME**

My Children!

Keep your minds as clear as the light that floods illuminating the day.

Throw your worries and pains into the stream of love that bathes your conscientiousness.

Avoid the abuses of matter that imprison senses.

Dive into the waves of Love that invade your atmosphere and I will feel that you are loved, children of MY FATHER.

All of you, without exception, elevate the eyes to the High to see the Light of a New Age shining around your planet and understand that the pure expression of Love will pass upon you, correcting the paths of imperfection.

It's time to free yourselves from pain, children of Mine!

Put aside fear of awakening in a new life.

Disconnect your numb minds from everything the illusion of matter seduces you.

Free yourselves and come to Me. I am waiting for you, with the true wine to share with you.

Come in search of Love and find Me.

Come in the Light and find Me.

Awaken from the foolish sleep separating you from Me. Your path is contoured by mercy of Divine Love.

Shine Light upon him, extending your hands to Charity and thus you keep it enlightened around you and no longer go astray.

Help those brothers fallen on the roads. Answer those who call you. Voices cry out to Me. Be you also My messengers and help those that you must lead at the end of your journey.

The Peace that you so desire is within you. You found it but lost it when you started looking for it in the reflection of the mirrors of illusory life of the World.

Come to Me and, Together, let us go toward Infinity.

Sananda, 02/16/1998

## **05 – COME TO ME**

I have seen an immense projection of Jesus over the sea, dressed in a white robe. He seemed serene, but a little sad. From his Heart come out two beams of Light, one blue and the other gold that enveloped everything. My spirit knelt down before that Image. Some words were passed to me mind and I wrote them down.

Come to Me, all you who are weary to toil amidst the tribulations of the World!"

Come to Me, all you who seek the Light, but that through carelessness, sometimes, you find yourself lost amidst the Darkness.

Come to Me, all you who are despised by announce My Good News!

Come to Me, all of you who seek comfort and find pain and ingratitude.

Come to Me and I will give you Peace that will calm your spirits.

I ask you to be patient with your brothers who walk like children towards the abyss, ignoring My Love.

Be patient and meek in guiding them to Me, because vain illusions are chained earthly and do not have the strength to continue.

When you are exhausted from the hard journey, look to My example that from the world I only received pains and torments and bring My little ones to Me, as you are My servants.

Sananda, 02/16/1998

## 06 - PRESENCE OF THE LIGHT

Much loved children!

Beloved brothers!

I have guided you until here. So much pain and difficulties would be unnecessary if your humanity had already reflected on actions, on words that I addressed to you so long ago.

Again, with my heart sad, I see this humanity walking, towards the abyss.

By chance, up to now, lack any provision to your everyday need?

Has our Father failed to supply whatever you needed?

Beloved children of my Father, you are constantly eager wishing too much and this thought guides your steps towards suffering, chaos, and pain. Abandon this action.

Put aside the constant desire to have more and more.

Look around you. Don't all beings have what they need?

Don't all beings fulfill their role, offering to terrestrial humanity the necessary conditions for development of their material bodies? Why not you, who are currently the most evolved beings on this planet? Even if your steps are not interrupted by your own will, they will be interrupted by the One who from Above with all HIS Omnipotence and Wisdom supports you. What is to come upon terrestrial humanity will come, not as a punishment, as many people think, but as a measure of helping the infantile humanity which, like an unsuspecting child, heads towards the cliff.

When the trumpets sound and pain spreads throughout your Planet, remember these words and follow the Light that next to you will be showing you "The path of change"! Change is necessary.

**I hear lots of you speaking MY NAME, but few live my words.**

Calling Me to you is not enough to strengthen you in the Light, but to act as I did. This is the only and true possibility of rising to us.

Make public my Message to men and never forget that I still remain here waiting for you.

Although you go through all the difficulties to tell the men that you were together, go ahead with courage and perseverance as you did today!

We will have a new meeting in the future where the Light will emerge victorious, since the Most Powerful Force in the Universe guides us.

My little brothers, be on peace!

I leave you My Love able to heal all your wounds, soothe all your pain.

**Margarida:** *Dear Father, I don't know if I'm speaking too much, , but I humbly would like to ask you a question. If you can't answer me now, I understand. Will the worst phase of suffering for all humanity begin this year?*

**Sananda:** Today, doesn't your humanity already experience enough pain? For Me, it is already experiencing it: Absence of Light and Love.

What will come is only medicine to heal all this wound opened by men's pride and selfishness.

**Margarida:** *Beloved Father, is the bitter medicine close to be ingested?*

**Sananda:** The day comes when will no longer be allowed "the apex of forces contrary to the Light". They are still having their opportunity as we prepare a large part of your people for rescue.

I leave you on Peace!

May the Light guide you!

Sananda, 09/06/1998

Morro de São Jerônimo Chapada Diamantina

**Note:** *After reading this message for the audience of our GESJ, I remembered some words from Beloved Rabbi of Galilee. Certainly that not everyone present believed in the message. It was as if "someone" spoke to me: Tell them those words of Jesus. Then, I was already in the final prayer, ending the night's work, interrupted the prayer and said:*

*- When Jesus was among us 2,000 years ago, told us: "When two or more people come together in the name of my Father, I will be there." We were five women. "Whoever has eyes to see, see..."*

## 07 – AMONG MEN I WALKED

I saw Jesus in a desert place, knelt down in prayer. I started to capture the following:

Behold, I surrender to You, Oh Father, this humanity of mine! I walked among men, I spoke their language, I participated in their lives.

In many of them, I saw the strength of Your Love; In just a few ones, I saw the Light of Your Gospel flourish.

Tight, squeezed by the "wheel of time", it is the time to return to the chosen path.

Receive Father, in Your Arms, these poor creatures. Comfort them in their pain, support their spirits.

Behold, I come without delay to join you, Humanity!

Behold, I am among you; however, you no longer hear My voice.

My brothers, I can see so many cries and calls coming from your minds towards the emptiness.

I want to bring you close to My Heart, but no longer I can. You are the walkers. It is necessary to seek this Light with your feet. I call you, My Brothers, begging the Father for one more chance, one more moment, for your humanity to soften and evolve.

We do not wish to see so many fallen brothers again!

Seek to personify the Image that your history has held for so long, not forgetting that I have always been, and will be among you. Connect with Love.

Sananda, 09/13/1999

## **08 – FROM WORLD, I ONLY RECEIVED PAIN AND SUFFERING**

*I saw a projection of Jesus over the sea, dressed in a white robe. His appearance was serene, but a little sad. From his heart come out two beams of Light, one blue and other gold that enveloped everything. My spirit knelt down before that Image. I heard some words that I wrote down.*

“Come to Me, all you who are weary to toil amidst tribulations of the world!”

Come to Me, all you who seek the Light, but unprepared sometimes, you find yourself lost amidst the Darkness.

Come to Me, all you who are despised by announce My Good News!

Come to Me, all of you who seek comfort and consolation and find pain and ingratitude.

Come to Me and I will give you the Peace to comfort your spirits.

I ask you to be patient with your brothers who walk like children towards the abyss, ignoring My Love.

Be peacemakers guiding them to Me, because they attached to earthly illusions and has no strength to go on.

When you are exhausted by the hard journey, look to My example that only received from the world pains and torments and bring My little ones to Me, since you are My servants.

## 09 - YOU ARE MY SHEPHERDS

*I saw a projection of Jesus that took over the whole Center.*

*He involved each person with his energy, which was floating in that bright light.*

*An indescribable peace involved the entire environment and I telepathically captured the a few words:*

My little ones wander blindly looking for gold. Lost, can't see the way.

Humanity agonizes, not realizing that suffocates itself in a web that had done with ow hands.

You are my shepherds. You must help my little sheep to rediscover their essence, rescuing their souls from the matter that deceives and oppresses.

Open your hearts to the mission you once assumed with Me.

Get rid of attachments that hold you back hindering the walk.

Give yourselves to Me and be reborn in My Love.

Yesterday, I walked among you that did not recognize Me.

Today, I am at your side, supporting you and calling you to immediate changes.

Join the hard work of recovering which everyone thinks is lost. To love, what is despised. To persist, where hopes have gone.

When you don't have the strength to go on, come to Me to renew your spirits.

United to My Heart you will heal the sick ones of the soul.

You will sow hope amidst the chaos, harmony in war and goodness in the empire of evil.

From you, the Christ Light of Universal Love will resound throughout the earth.

Your meekness may conquer hardened hearts.

Your humility shall touch the rebellious brothers.

Your serenity shall feed saddened spirits.

Do not abandon your commitment. I am your elder brother counting on you.

I kiss you on the face.

Jesus Sananda, 09/02/1999

## 10 - MESSAGE OF PEACE

**Clairvoyance:** *I have seen saw Jesus in a city that resembled "Cidade de Grande Coração" and captured the following message:*

Beloved children of My Father!

I hear your cries, pleading for Peace on Earth. But when we looked to you, we realized that you wished fictitious peace, made of anything.

Peace can only be built in your hearts. All we can do is consolidate the high vibrations coming from your still unprepared spirits.

The Peace we send you dissolves into space, being weakly absorbed by a few centers of energy/light installed in some points of this planet. If you desire Peace, vibrate for it and remove all bellicosity from your hearts. Give yourselves entirely to God's Will to find true peace.

The current collective disincarnating seeks to start the reduction of the incarnate population. During the aggravations coming, various collective disincarnating at the same time, offering enormous work to sidereal technicians.

Many cases have been studied and planned to be advanced, thus reducing, partially, the final task. Others will occur also as a warning to that unbelieving part of the humanity. The brothers thus disincarnated have been receiving individual assistance and led to home-ships, rest homes, Spiritist Colonies or intraterrestrial cities. Your background spiritual ancestry, as well as their origins, direct them to final destination.

We can assure you that there is nothing on the Earth that is unknown to the Father. The monitoring is permanent and all thoughts are guided to the "nuclei of force".

To those who fear and then access lower vibrational bands, lose contact with the Light and start to vibrate a flow of deleterious dynamic energy. Even as Spirits of Light, at the moment when surrender to feelings of fear, anguish and discouragement, they surrender to the "wave of the raging sea of shadows".

Therefore, we ask you: Brothers, vibrate in the Hosts of Light in thoughts, actions and words.

*"Blessed are the meek: for they shall inherit the Earth".*

Jesus Sananda, 12/24/1999

## **11 – HURRY UP AND COME TO ME**

Seek nothing but Me.

Do nothing, but charity in everything you can.

Love one another as I love you and everything else is offered to you according to the Father's Mercy.

Dry, from the sad ones, the tears.

Calm the hearts of the afflicted ones.

Support the weak ones in pain.

Appease the violent ones.

Turn your own pains into work and minimize your conflict.

Here I am as living Love of God in you and for you.

Without delay, hurry up and come with Me.

I am the One you look for since you were created.

I am the One you call Love.

Come to Me, my little ones, and share with Me your burden; I make it lighter and so I encourage you to face and win.

Our path is without limits, without barriers and without borders, and in everything and at all times I will be with you.

For love you, we are here announcing Love joining us.

Make Him, Light guiding your steps and sooner we shall be joined under the Father's blessings.

I leave to you the Peace of Stars.

Yours brother,

Master Jesus Sananda

## **12 - CALL OF THE LIGHT**

Behold, I call you! Answer My Call!

Answer not only for loving Me, but for this suffering humanity.

Even if you were not the victims, forgive to the executioners the mistakes made and sent to your brothers the freshness of forgiveness and the support of love for those who have eyes to see and those who have ears to hear the call of the Light.

Beloved brothers! The thankful humanity receives the infinite blessings of the Light.

**Precious explanations are among you.**

**Unveiled malevolent beings reveal the sad consequences of the insanity that plagues the terrestrial Orb.**

My Father's Creation was destined to the Light and not for that purpose.

The Light is lost amidst the shadows or darkness, manipulated, deformed, devoid of His Divine Essence, however, only in appearance, for that which was created by the Father, by Him can be destitute of life.

Aware of the human psyche, such beings created the illusion of destruction to imprison the minds that enslave, taking advantage of their autonomous mobility, making them mere robots controlled at long or short distance.

There is, therefore, a way to break their illusory magic and you will still be instructed as to this fact.

Let your afflictions come to Me and I will renew you! Fear nothing!

You are, like all humanity, dear children, beloved brothers whom we protect from any attempt at attack or destruction just with the brothers connected to you directly.

We bless you in the restoration of physical and spiritual strength

With Love.

Master Jesus Sananda, 06/30/00

### **13 – THE LAST CALL**

Behold, I am Living Force pouring over you.

You built around you walls, thorns, ditches and huge obstacles, for fear of the Light.

Fear of surrendering and letting themselves be bathed in My Light.

Let Me be the balm to heal your wounds opened in the soul.

Answer the secret call from your hearts that seek Me amidst the darkness and pain.

No more avoid the loving support of My hand eternally extended to you, my dear ones.

Be you like little children you once were, and with open arms, throw yourselves into the safe embrace and Father's Love. Power of choice is yours. Yours is the opportunity now.

At that moment, forget your mud past and give yourselves to sincere renewal in the work and in the practice of good.

This is the time when all debts will be abandoned by the Greater Mercy, for those hardened hearts will no longer find space to their roars of savage vengeance.

They will be cast where there will be pain and gnashing of teeth, however it not what Divine Goodness desires.

I wished could wake everyone up from the brutish sleep of the matter.

I wished everyone could wake up the dormant consciousness.

But I can do nothing, since you have erected an abyss around you that only you can win. Do it out of love to Me.

Break your borders and expand your horizons where your souls are, so that hope is reborn and faith is not lost in the face of pain and suffering - a necessary cleansing of the present times.

Become, like children, to break the ties that hold you and throw yourselves hastily into the welcoming arms of the Father.

Behold, I send you one of those messages, which you know the Last Call.

Jesus Sananda, Vitoria (ES) - 09/18/2000

## **14 - THE PATH OF TRUE LIBERATION**

Come to me, my little ones!

Walk on the Earth, and wherever you go, have suffering and pain.

This was not the lesson I taught you, but too busy with your own affairs, little you did in favor of your neighbor.

Only One is the way to true liberation, which is loving your neighbor like yourself.

The images recorded here by your eyes and contrite hearts (refers to poverty of the village) spread over the entire terrestrial Orb and cause, in many people, reactions similar to yours; in others they cause indignation and others revolt against their own condition.

There are also, among so many brothers, those who feel nothing, believing that it is someone else's responsibility to solve so many problems.

Cries of revolt, voices of indignation are useless.

**Only a greater plan would be able to sanitize this planet, uprooting the weeds that enjoy the earthly fertile soil, without, however, generating good fruits capable of contributing for health and food.**

Brothers, the time is coming for the Father's Hand collect the unfortunate deserters of the Light, leading them to places appropriate to their conditions, changing the destination of this planet.

New seeds capable of producing good fruits will grow and I will be full time welcoming you among those pure in heart, supporting and protecting you from evil.

Keep your faith on the Father who supports and follow your path until your eyes can see beautiful images and your hearts register all the Love vibrating in the Universe.

## **15 – SHARE FRATERNITY AND LOVE**

*I feel strong Energy and Light surrounding us. I have my hot face and a comforting warm runs all over my body, as a feeling of peace.*

*The presence of Lord Jesus is intense. I capture the following words:*

"I am the One who sustains your steps in darkness and pain.

"I await you at the end of the dark tunnel."

*(At the same time I see a dark place, screams and panic).*

*Knelt down before intense energy, I ask if the end is near and I listening to the following:*

"Live as if this were going to happen in the next minute, living fraternity and love."

Jesus

## **16 – GO AND SOW**

Behold, I Myself came to be among you, with all difficulty, overcoming all barriers, with the intention of bringing you, once again, the guidelines and vibrations you need.

Be sure, all of you, that what today you fulfill on Earth was requested by yourself at time of suffering and pain, necessary harvest of the Law of Justice of the Greater Father.

Be strong, courageous and face obstacles placed in your path.

You were summoned to this audience, not because of your merit, but by the Father's infinite mercy, who assists His children at all times.

See the guidelines that come to you, as Lights to illuminate your steps.

Blessed be the Father's Goodness that allows you to know the truth, despite the damage to your souls.

You are awakening like a child awakens to adolescence.

We know that pain is capable of making you give up, therefore, we come to bring you, words as stimulus to cultivate faith, sure that we are among you and our messages represent for this humanity much more than you imagine.

The scenario, which we show you, in fact, hard and painful and, there is only one way to follow, and anyone able to follow it must do so without a doubt, no fears and no reluctances.

It is no longer allowed all the recovery time for this sick humanity. Option for the path of Light represents the saving action, not only of your own suffering and still sleeping souls, but represent both as much as can your hands outstretched in help, lifting more and more brothers to the path of Good, towards the Light. Therefore, your commitment is not just of yours!

Be you strong, brave and courageous! Be prodigal children and, with humility, seek the way back, that you left out of rebellion.

I leave you in on Peace of the Planetary Christ, enveloping each one of you with sublime love that gushes from my heart.

**Go and sow!**

**Sow seed of love in the heart of your neighbor, where the soil is fertile or not. This is your job.**

Next to you we will be, fertilizing, watering for germinating the seed planted.

Do not ask yourself why the result does not appear immediately. Rather, ask constantly: where else can I sow? in what else heart can I plant? ... Go, each one of you, gardener of the Lord.

This is what I bring you for now, beloved children of My Father.

## **17 - I'M HERE**

My Children!

Hear My cry for Peace!

Stop in your hearts all belligerence, all feeling of revolt, every anti-fraternal feeling.

Forgive, my beloved children. Forgiveness refreshes soul of the one who forgives.

Give yourselves to charitable work with love and detachment, without false modesty.

Everyone who is with Me has a naked body covered, satisfied one's hunger, gave rest to the weary.

Believe and serve.

I live in your hearts.

Beloved children, feel Me.

I am here.

## **18 – WHEREVER HAVE PAIN AND CRYING, I AM THERE**

The light flooded the environment.

It was a strong and bright light as if I had just penetrated walked into a mine overflowing with crystals illuminating the sunlight.

It is Lord Jesus approaching.

Strong emotion invades our hearts.

There is, in the air, a deep silence of love and gratitude.

All the brothers present knelt down respectfully before the Master's projection.

He comes like a soft breeze and touches everyone with His hands, blessing them with kindness, sweetness and love. He says:

Behold, I come, beloved children of My Father, and, as promised, I am among you.

Wherever there is pain and crying, I am there.

A father never wishes to see his children suffer, but it does not deprive itself of an adequate correction when it is necessary.

Only through suffering souls can be brought from the dark side on which they settled down. Then it will be applied the painful remedy.

However, first of all, the teaching must first be: "Love your neighbor as yourself and do to him as you would have them do to you."

Here is the Way, the Truth and the Light.

Whoever seeks to save himself, take up his cross and follow Me through the dictates of love, forgiveness of offenses, charity, patience, tolerance for others, and so on.

Seek nothing beyond this, for you will find it.

The closer the final days of this humanity on Earth, the emptier are the saddlebags of the physical plane and the fuller those dedicated to receiving the blessings of a life devoted to spiritual improvement.

Wash your robes in the Light that always shines, be courageous and fight.

Have all of you, Warriors of Light, My Blessing and My Support.

May be happy onslaughts of Good be happy to help the poor, sad, afflicted and ignorant ones.

Beware of entering the shortcuts of lust, selfishness and pride for not to lose your way.

Be, in everything you do, permanently faithful to the purposes of serving the Light.

We always support you.

Remain on Peace that I leave you.

I address this message only to you.

Courage, for I am everywhere, and even though it seems difficult you believe, painful more and more, even so, I am present, because I am all things loved by the Father.

I belong to everything, for I am the Son of God.

Believe and have courage.

## **19 – BELOVED PLANET**

*I see the projection of Jesus. He walks on the sea, with his feet in the water.*

*He dresses a soft blue robe and has a mantle over his arms.*

*His sweet figure floods the entire environment with an indescribable peace. I could hear his words:*

"This dear planet created with much love deserves your sacrifice on its behalf.

I did not come to destroy the Law. I came to materialize it in human hearts.

Not human law perishable, but the Father's Immutable Law.

Follow confidently. The Light leads you.

My little ones, there are lots of ways for the Evil manifest.

You, disciples of the Light, will know how to identify the wolves in sheep's clothing, unmasking them in sunlight.

Vibrate in Love, which will lead you to ME, who love you.

My Beloved brothers, I bless you in My Name

## **20 – SUBTLE LAST MOMENTS**

Peace!

If you walk through the desert of incomprehension, visualize the Light.

If you advance towards the precipice of pain, pray.

If you are lost in disillusionment and hopelessness, prostrate before the light, take your sword and advance.

Do not be like the lazy ones thinking they are too smart to act, taking to themselves power of thinking, without building.

Be courageous and remove the pride of your backpacks, asking the Father for compassion with your mistake. If you believe this is a new opportunity, go forward.

The line of life is tenuous Light that you must expand to reach the timeline.

Walk more and more!

I leave you My Peace

Sananda, Vitoria (ES) - 04/20/2001

## **21 - THE APPARENT CHAOS**

Little children!

I feel your inner cries!

Planetary chaos was created by humans who did not respect the Father's Laws.

The apparent chaos is only reflection of transformations necessary for the evolution of creatures and planet.

Fear nothing, your cries for current humanity are heard and transformed into balm for the suffering ones

The Higher Forces never abandon you.

Poor human creatures, who, through non-observance of Laws, prepare a painful future for themselves.

Believe, you are blessed daughters of My Father, faithful followers of the Gospel.

Beloved daughters, trust and follow. Under the command of the Light, you achieve the greatest goals.

Trust and follow. I am with you.

## **22 – LIKE A SHOOTING STAR**

*I see a beautiful projection of Jesus over Servants of Jesus Shelter (ASJ). As we recited the mantra, departed from Lord Jesus, multicolored rays of energy that joined ours and went towards the Brazilian intraterrestrial cities.*

*To my spiritual eyes, they became more enlightened as they received that blessing of brotherhood, peace and love.*

*Deeply touched, I concentrated on the image of the Lord and I began to hear the following words:*

"Beloved daughters!

My Children!

Pour out the blessed balm of Love over the Earth.

Unveil the Life Force existing within of the dear planet.

Like a shooting star, your words (from the book Intraterrestrial Cities: The Awakening of Humanity) will scratch the hearts of My Father's beloved children, awaking them up for the Supreme Hour of witness of their lives.

I leave you My "Peace."

Sananda, October/2002

## **23 – I AM YOUR GUIDE**

*The energy rises and is thrown directly into my crown chakra. Thence, I began to hear, under of exciting and intense energy, the following:*

- "I am the Light that guides your steps.

Follow Me, and no storm will reach you, for all the steps of those who wish to contain the Light will be contained by the Major Force.

Fear nothing. I'm with you.

"I am your Guide on the dark path that you tread."

## 24 - CALVARY

*For a few weeks, I had been feeling strong backache, however, I did not miss meetings. That Friday, I asked my fellow mediums to concentrated in order to know the origin of such pain, although it was not difficult to deduce that were caused by the larger efforts spent to read and correct the messages, and organize the Divulgations. All this for hours almost every day, besides the consequences on my physical body, daily coming from fights in cleaning the lower astral and abysmal regions. Imagine my surprise when, after quick concentration, a medium caught the following words:*

Remember, beloved little sister, when I fulfilled Calvary?

Mentally, you asked me: Why don't get you free from this suffering, with the empowerment that God granted you?

Today, you understand that I left you the lesson of obedience to the Laws of God, where each one must take his cross up to the end.

Your cross which weighs, carry it through the last meters of your via crucis, however, I'm here to dry the sweat on your face and relieve the tiredness of your body.

Keep loving and working and everything else will be, because it already is the Father's will.

You will come to Me when your legs lose forces, due to the weight that overloads your body aged and moved by faith capable of removing mountains. Go ahead opening the paths, bringing the light to the eyes that even having bad eyesight can see your steps.

Be strong, even a little more. It is free Love that leads you.

I am here, always your Brother, Lord Jesus.

Sananda, Vitoria (ES) - 01/31/2003

**Note:** *Over the years, in moments of intense moral suffering, I locked myself in the bathroom and left the tears flow, asking Jesus to help me walk, in order not to stop without strength at the side of the path.*

*It was as if "someone" spoke in my mind: "Whoever wants to follow Me, take up his cross and follow Me." After hearing this "voice of the silence", I washed my face and left from the bathroom, as if had taken a bath with courage soap and dried myself with a lot of faith and hope on better days.*

## **25 – GO AHEAD**

Let the little children come to Me, for theirs is the Kingdom of Heaven!

Beloved Daughters!

Walk like a child among wild beasts and I will make them blind, not being able to see you.

Keep your hearts pure and you will be invisible to the mental rays that try to reach you.

Dedicate your energies to charity work to the neediest, moral, spiritual and material charity.

Serve dedicated to the good and everything else will be granted to you. Not just for you, but for your dear ones.

Keep the loving vibrations, in the certainty that the Father watches over you.

Go ahead, warriors that you are, because as you advance, your lives no longer belong you that are instruments of renewal and hope in the Father's hands.

Heed His guidance with faith and assurance and may Peace be with you.

After reading this message, Mrs. Margarida said that the words were too human as if He was one of us there. To our surprise, He, the Unforgettable Brother, continued transmitting to us His thoughts. New communication came:

- I made myself a man among you that you might hear and learn.

**As a man, they did not accept Me, Son of God, as the Son of God, many did not accept man, and the words impregnated with Love and His wisdom were lost inert in time and out of order.**

**As promised, I remain among you**, Divine Spark radiating the Light of My Thought among men so that, once again, those who have ears to hear, listen to Me. Through my pupils, works arise among you, fruits of My Love, so that those who have eyes to see, see. And so it will be until the end, so that all have full life.

No creature will be able, in the future, ever to affirm to HIM that did not receive the necessary orientations for its redemption and evolution.

Peace in you!

Jesus, Vitoria (ES) - 02/21/2003

**Note:** After reading this message, we were amazed by its content. The channel did not have nor would be able to create this beautiful page. Only we can say: Thank you my Jesus. Thank you sweet and Beloved Rabbi of Galilee, for the divine message granted us.

## **26 - I AM THE SOURCE OF LIFE**

Peace be with us!

Oh messengers of My Gospel, make echo throughout the four corners of the Earth the golden drops of Light of hope in the future life.

Let the minds dulled by pain and disillusionment know that My return is sure and light of enlightenment is close to all My beloved children.

Follow sincerely my words, for only in this way will you be able to know the hidden secrets of my devotion to the Father. He traced for us the road and I was placed before it as your lighthouse, signaling you the dangers from ignorance to the Immutable Laws of God, who is Father Creator.

I am the Source of Life and the one who drinks from My words will find in them the comforting balm. The time urges for Earth and I will be here until the last moment, collecting every tear, every sincere and pure lament.

I came down to you as a representative of your communion with the Father and as main link in this chain of Light, with mission of not allowing any of My children be separated of that Light.

Your destiny, terrestrial humanity, is the greatest and the most beautiful of all: My Father's House and the relationship with the Divine Source of Light. You, messengers of My Gospel have the difficult task of directing my stray little sheep to the safe side of the knowledge.

One cannot deny Divine Wisdom, that "everything can and sees". It cannot be denied that Love is the force that builds and keeps the Universe in perfect harmony, feeding on the real Source of Light.

My children, messengers of My Gospel, advance lands and seas, reach your brothers with the consoling balm sure of a new life.

I come to you. I belong to you. My Light is reflected through your eyes. I am the lighthouse; you are the little lanterns of this world.

Peace be with us.

Sananda, 04/20/2003

## **27 – I AM THE LIGHT, FOLLOW ME**

I am the Way, Truth and Life. No one goes to the Father except through me.

Beloved children!

How many nights will you remain asleep?

I seek you incessantly and you refuse listen to Me. My Love is enough to transform you, without the Pain that you seek so much.

I illuminate your paths, but you prefer to walk through the dark mud.

I come to you with the desire to embrace you, but you avoid My Arms.

Feel My Presence and let Me lead you, for My Yoke is gentle.

Pride binds you to darkness. I extend my hands to you.

Receive Me, I am Love within you. Listen to Me. Feel me. Walk.

I await you beyond the horizon, in the Sun's house that shines eternally.

Come without delay. Time urges.

I Am the Light, follow Me.

Sananda- Jesus  
Festival of Wesak - 05/17/2003

*I saw a human projection into space. It was Jesus. He was as tall as a four-story building. He wore a white tunic with a rope tied around his waist, similar to that worn by Francis of Assisi.*

## **28 - NOT A STONE UPON ANOTHER SHALL REMAIN**

Little ones!

Let yourselves be guided by the Light!

It is upon it that you must direct your steps.

Arise ourselves and come.

Walk towards the true liberation of the earthly attachments.

Give up material illusions, for behind you the gale will come and sweep you away, and not one stone upon another shall remain. Whatever you do for good, it becomes power to propel you ahead.

Renew yourself in thoughts, dedicate yourself to the refinement of feelings and always bear in mind remembrance of My Presence among you.

Come to Me in the rescue work. I hear lots of screams waiting for you.

They need relief that your loving words can provide.

They need example that your clean hands can provide.

You need light of your hearts to warm them.

You delay looking for shortcuts to meet the Father. Remember: You only go to the Father through Me.

Come, brothers. I wait for you. One by one, the Armies of Light are arriving and increasing.

Take the word, but do not forget the action. It allows you to ascend.

I bless you with all the Love of My Heart.

Yours brother

Jesus  
Vitoria (ES) - 11/14/2003

*At the end of the message, I saw again the projection of the Lord Jesus, with outstretched arms, as if he was calling for us. Some people walked to Him, guided by His Light and, behind them, there was a time ahead with gales, earthquakes and tidal waves. He spoke to everyone and from his words came a balm that smoothed everyone's path. His light brightened the ways; on the shores, everything was darkness.*

## **29 - YOU ARE JUST SPARKS IN THE SPACE-TIME**

Beloved children OF My Father!

I have looked for you in dark nights and you avoid Me.

My yoke is gentle and of My Love.

My children, times is over for rebellion useless and giving up on unavoidable attitudes.

Matter is only a vehicle for transmutation of the spirit taking flights higher and higher, in a continuous transformation. Like everything else in the Universe, it changes and evolves.

You are just sparks in time and space that inevitably walk towards the Loving Father's arms.

Why the reluctance to make mistakes, if the Light shines on you?

**I visit the "earthly dark abysses" that should never exist.** I wrap everyone in the friend hug, seeking hearts to be touched by the Light, transform themselves and change the trajectory of pain, which they have been treading for so long.

There is no more time. The Earth turns into accelerated speed, because the time of transformations happened many millennia ago when here you arrived. (*To me, He was referring to our arrival for exile on Earth*). Since then, you have been receiving every fair opportunity.

I bring you together to My Heart and I will not give up of you, even you refusing My Embrace.

Work tirelessly for inner renewal and progress thus contributing to the renewal of the Earth, friendly and welcoming cradle, which will always be your home.

Brothers, sons and friends, I call you to work!

I call on you to disseminate Peace, Love and Tenderness.

Be humble and meek!

Come to Me and I will lead you into My Father's arms, for I am the Way, Truth and Life, no one goes to the Father except through Me.

### **30 - JESUS SPEAKING TO THE MANKIND**

*I began to see a strong light increasing in size and intensity. It seemed to be already there, but it was getting denser, taking form of light, so that I could distinguish it from everything else. When it was already too dense, somehow, other small spotlights began to individualize, starting from the first. They were smaller, but also shone.*

*The emotion was indescribable, a mixture of admiration, veneration and sweetness. Then, noticed the spotlights were projections of Master Jesus and His Apostles. Wrapped in the soft light of His Presence, I heard the following words:*

*Come to me!*

**I am the flame that, once lit, never fades.**

No one comes to the Father except through Me who is Love.

Everything is Peace in My Presence and nothing can disturb you.

From everything you know, nothing is greater than My Love for you.

I follow up your steps since your embryonic life in the subtlest planes.

Since successive lives of yours, in all of them I brought you guiding.

When you made mistake, falling into the putrid mud, perfidious quagmire of the soul, I was by your side, waiting patiently your voice begging to Me. I took care so that the period would be short, last effort, to rise above worldly miseries.

When, at last, you decided to walk, I followed you, illuminating your path so that did not fall again.

Lots of voices and efforts were useless, because in spite of Our Presence, you had successive falls. And with each one, there I was again, waiting for you.

Now, I'm with you under Magnanimous Goodness of the Father, I reach you with the words directly to your minds. Can you hear me?

I have been transmitting My Teachings for a long time. Have you followed Me?

See, poor sick people how contaminated your tunic is. Soon, you'll be invited to the great feast and how you will be wearing such garments?

Purify it, giving value to what really has. Love each other!

Undo the hatred, remove differences, cultivate joy, so that, refreshed from the dark night, you may enter the dawn of a new day, free from the clumsy memories and unpleasantness of the past.

I was with you. With you I am and with you I will be.

For loving you, I made myself present in the matter, and for love, I remain among you.

I am All Love for you, so that you may be changed into Pure Love, crystalline source of your eternal monad.

Here I am at your side. Give me your hands and come to me. Let's go together towards the stars. You are beloved brothers and I always watch over you.

**- At that moment He addresses to the High saying:**

---

### **31 – JESUS BEGGING TO HIS FATHER FOR HUMANITY**

Dad! I beg you for these men and women.

Your children and old people cry. They have the body and soul sick immersed in suffering when the path is all Light.

**I ask you for a little more time, Lord of the Worlds. A few ones are listening. I speak to them with all love believing they will listen and understand the meaning my words.**

They will kneel down before Your Magnanimous Presence. Give them, once again, the generous opportunity. Oh! Infinite love!

In Your Presence I put My Little Will and to You I surrender My Strength.

May Your Will be fulfilled above all things.

Oh, Eternal Love!

## 32 - EXHORTATION TO THE EARTHY PEOPLE

### ***Again turning back to us:***

Brothers, your trajectory in matter brings mark of violence and pain. Only those blinded by vanity, pride and selfishness cannot see that the paths chosen over the millennia have only led you to destruction.

Recognize, once and for all, there is no better way than that traced by the High begging you to the redemption of your crimes, and putting you again, in harmony with Divine Laws.

Beloved brothers, surrender in the Name of the Father.

Start a new life based on the sublime values of the Gospel!

All peoples have received the grace of Sublime Love, expressed in the form of Mediators Devoted to Good. Powerful beacons to illuminate your journey.

You have, therefore, the detailed instructions to lead you to the safe place of fraternal love.

The call you hear now represents nothing than great reminders to signal mistakes in your trajectory. We are not adding anything new to you, apart from the set of ideas that is your roadmap. Everything that comes to you sent by Spirits of Light, it is, for you, loving knowledge, reliquary that you must know to expand your understanding of life.

**You are bearers of the passport for happiness. Why do you insist on the clandestine journey exposing you to the risks of a difficult and painful journey?**

Come to me, I am Love to comfort your pains. But I say: do not delay in the mistakes they cause you. The time is coming when you will throw yourselves to your own desire and, again, return to the primitivism unnecessary, to raise you up again before of the Light.

Beloved children of my Father! Come to me and you will have your pain relieved.

I call you to Me in the Name of God. Receive Me in your hearts.

### **33 - IN NAME OF GOD, I GIVE YOU TESTIMONY OF MINE**

In the name of God; I give to you witness of My Name.

Brothers, your blood stains the fertile soil, the fresh water and perfect air granted by Divine Mercy.

You have transformed the joy of resting, the blessing of renewal, lovingly offered by the Father into darkened nights. You made your hearts slaves for worldly pleasures, robbing them of their trophy of redemption through work voluntarily for the neediest neighbor.

Where are your building actions of My Father kingdom among you? Amidst brambles that hurt and interfere in your way, making it difficult to quickly access the object of desire and ambition?

Where are the sweet words of wise, courage and harmonization that should be spoken in my name?

Where are the good examples of the Christian I left to you?

Beloved children of My Father.

Blessed be the life that allows you to correct ourselves.

Dear brothers! It's late...

Strayed from the flock of the Shepherd who leads you, like the lambs lost among the wolves.

Return to the security of My Presence by actions, words and thoughts.

Get rid of the strange beings surrounding you, hungry for your flesh, thirsty for your blood.

It is enough of immolation! Rise up and come.

Give up your frivolous gold and follow the footprints of bare feet marking the Path of Light to you.

Do not be deceived, everything you see today in matter is illusion. You did not enjoy the real life yet. You would need to overcome the instinctive energy of carnal bodies, sublimating each inferior emotion in the soft fragrances of those of higher and angelic nature.

Come, My children! We await you in prayer, gathered with your tutors, that to all of you, help and lead.

Peace beloved ones! I leave you on Peace!

### **34 – ONLY THROUGH LOVE AND FORGIVENESS, YOU OVERCOME DIFFERENCES**

*I see Jesus entering Jerusalem and the people saluting him with green branches of various sizes. He comes mounted on a small horse, dressed according to the customs of the time, having the head covered by light blue cloth falling over the shoulders and back. He had serene look. At that moment, I remembered the letter from Publius Lentulus sent to Caesar, describing the Human Being Jesus.*

*Here the energy for communication changes vibration and intensifies. Then I start to hear:*

Only through Love and Forgiveness, Children Mine, you can overcome the differences.

Two thousand years ago I was among you who did not recognize Me.

**As a man, I was crucified.**

**As Son of God, I was loved.**

Now, repentant and confused, you struggle, trapped in the dark meshes of ignorance.

Stop My Children, with the incessant search for illusion.

I am the Way, Truth and Life.

External worship only takes you away from Me.

Only Love that springs from within will lift you up to Me.

May My remembrance awaken in you Love that makes you brothers. I am always with you.

**You need fasting from inferior words, thoughts and actions, for what enters through the mouth does not weigh as much as what part of your heart.**

Love one another as I love you.

At all times, cry out to Me. I hear you but your ears are covered and your eyes are blindfolded to the Light that surrounds you.

Experience Peace and feel Me.

Beloved ones, only by experiencing Love for your neighbor as yourself, you feel My Constant Presence by your side.

Love one another, as the Father loves you.

You live in bloody wars, you hate your neighbor, you disrespect, at all times, the Laws of Love, moving away from Me, Meek.

You will not find Peace along the paths you have been treading.

Love one another, forgive the offenses and see your paths be illuminated. See Me awaiting you with my Love.

My Love will cover all of you be led with robes of Light to the nuptial banquet that you so desire.

Love yourselves, as I love you.

Master Jesus  
Vitoria (ES) - 04/03/2004

**Medium`s note:**

*The energy of the Master floods everything. It's hard to write embraced by such torpor of His presence that is everything.*

*To my surprise still concentrated, I heard:*

*“Where one or more persons are gathered in My Name, there I will be:*

### **35 – ANIMATE THE HOPELESS HEARTS**

My children, come to us in the redeeming work of your souls.

Turn on the light of hope in hopeless hearts.

Change darkness into Light that redeems.

Throw yourselves into constructive work without fear so that the Light shine more brightly in the hearts of the meek ones able to hear the echoes from Above and in the laborious and untiring hands that struggle for settling down the Kingdom of God on Earth.

Help and support the needy neighbor, but also raise your sword of light in the heart of the unprepared brother to also see the Light and continue the interrupted march of spiritual progress.

I leave you on Peace.

### **36 - I WAIT FOR YOU IN THE LIGHT**

Beloved children!

Indeed, even having eyes to see and ears to hear, many lots of people are hypnotized by sights and sounds of the “beast”.

Those who want to follow Me need wake up from delayed sleep by their own steps to seek Me.

**Go, throw into the world, the words that wake up those who sleep.**

**Awaken those who are still anesthetized by the pain of the world.**

I came to meet you who did not wake up yet.

Many years have gone so that you could listen to Me in your hearts and recognizing Me as your Brother. So, now in My Name, tell them to follow Me.

Pains of the world have increased and yet they do not listen.

I sent faithful followers and they didn't listen. They split.

Everything I lived and sent to humanity was not enough to make it understand that I am the Light in path of those who follow Me.

It is in simplicity that I manifest Myself and you do not need adornments or of silver or golden cups for our meeting. The walls of your temples need no more than white paint or simply be made of wood or straw.

Only the heart must be adorned with the most beautiful and pure intentions of the soul and, of your minds, the simple rays of humility and simplicity must depart to seek Me.

I am with you as I have always been.

More than calling Me, come to Me, moved by generous doses of love to the neighbor, tolerance, understanding and forgiveness.

There are several open trails around so that you can follow Me.

I have already come to you. Today, it is you who need to mobilize forces to come to Me.

I await you, Loving One, as the Father taught Me to be.

I look forward to see you for The Encounter in the Light.

### 37 – THE EARTH WAITS YOU

*I saw a huge image of Jesus in the space. With open arms, sweet eyes, still, firm and loving voice spoke, as if he were blessing the members of the spaceship of Commander Ashtar Sheram. Gradually, by his words, I noticed that those members were exiled from other Orb and were about to be deported to another planet.*

*In the distance, I saw a small planet in total convulsion, still spelling a lot of fire and making great explosions.*

*The Earth that was born.*

*From Beloved Master I heard:*

Beloved Children of the One who knows of everything.

You're created perfect and threw into scale of worlds by own effort, developing the superior values and virtues of the Sovereign Will.

You failed. Many of you are begging for a new opportunity.

Many of you do not even find the conditions to do so.

You are led to a new world, where I will be your Superior Tutor. Together with you I continue serving as a Star guiding you on the new journey in search of evolution.

I will be with you, but for now you will not remember My Words, which will remain for Me engraved in Paths of Light of the Higher Planes, still inconceivable to your consciences.

Your task is to develop at most, the love of which you were made, so that you join us.

Go and follow your destiny. The Earth awaits you.

Beloved Workers prepared the Earth for millennia, so that you had all the resources necessary for successful completion of your task.

Go, save your souls from dark night of ignorance and fear.

Go in search of your Greater Identity, you that are part of my Heart and I will always be with you, until the end of this journey.

Yours brother,

### **38 - I AM THE SUNLIGHT THAR WARMS YOUR SOUL**

Beloved daughters!

I have been looking for you for a long time. Why do you get rid of me? Do not you feel My Sweet Presence?

Clean the filter of your hearts and there I will be.

Life after life, I've tried to lead each one of you, especially my brothers, to regenerating paths, but you were reluctantly, rebels, against the Soft Force that screams in your consciences.

I wished you loved me as I love you.

I am the Sunlight warming your soul.

There is no negative power to reach you if you decide to accept Me.

I am Peace and Love that you are anxiously looking for.

You have done every sort of iniquity against your brothers in humanity, forgotten of Me that I am Forgiveness. Your pride and rebellion prevent you from seeing Me.

I am with you and I invite you to change!

Those who have already awakened, seek in the awakening of those who still remain stubborn in the darkness.

I am the Light to illuminate your paths. Come to Me, I am Life.

A sincere thought to Me lead you to My Father's House in Heaven.

### **39 - THE HAND THAT HURTS SHALL BE THROWN INTO FIRE**

I see the Middle East and from Shambhala leaves a golden energy, flooding that entire place.

*From Above come Mohammed, Moses and Jesus.*

*Thousands of workers of the Light collect suffering souls who detach and float before the intense energy. They are taken to the aid Post.*

*Jesus speaks to the inhabitants. His words are repeated like nonstop movie throughout the Ramadan period. However, only sincere souls could feel, hear and let themselves be influenced for Him, who will be closer in this season of prayers, faith and connection with the Father.*

*I catch the following words of Jesus:*

Love one another as the Father loves you.

Forgive each other. Remove the dense feelings that petrify your senses. See, it's the Beast! (at this point, he makes a gesture and as in a movie, the bestial image appears). She thinks to compete with the Light! Poor creature! It exists only because fuel its hatreds and desires for revenge.

**Forgive your brothers**, beloved children!

Forgive him who lifts up his arm against you, and for your part, resign yourselves and forgive.

For millennia, I welcomed you here with open arms on this planet and up to now you have not managed to neutralize the hatred that you have brought from your sidereal origin.

Plenty is the field of work for your regeneration offered by the Father. However, you refuse it.

Here I was as a man like you that did not recognized me!

Only sublime Love can break the floodgates of hate, transmuting it.

Suffering is your choice, since you neglect to practice the sublime lessons brought from Above for those who love you.

The hand that hurts must be thrown into the fire; but that one who is hurt, he must avoid taking revenge and then put an end to the millennial cycle of mutual revenge.

Only Love is capable of lifting you to the return flight to the Father's House.

Love one another, as the Father loves you.

Forgive more and more!

## **40 - I AM LIFE! COME SAFELY THROUGH THE DOORS OF SUBLIME REVELATIONS**

Beloved brother.

I was among you, offering you the Light of transforming Love however, you did not recognize me.

I am permanently all over this planet, watering with same Sublime Love your misguided souls and you do not recognize Me yet.

You remain hallucinated amidst of the changes that quickly transfigure that which was the scenario set up for you to play your role as redeemed, and yet disfigure their sublime features and deprive them of their vital forces. Again, you ignore the infallibility of the laws that govern the Universe and throw you into the dark of your numb and sterile consciences.

Whatever is the belief you have is not enough to wake you up. Therefore, be courageous and give up everything useless to you.

It will be a useless bale to limit your journey back to Father's house.

Remain attentive to everything that can help you in angelic ascension. You were created for this and to Father belongs your Divine Flame and towards Him, you walk inexorably.

I call you to meet me. Come to me and in white clouds I will let you travel and see the storm forged with human folly.

At the end of this trip, you will keep My words speaking to your heart. Be meek and love each other and find the lost path of your evolution.

I am the Way. Through Me and find Peace.

I am the Truth! Dive into My presence and find the answers you seek.

I Am Life. Safely enter the doors of the most sublime revelations and see Life expanding everywhere as beams of pure light.

No one goes to the Father except through Me. I'm in your Way, if you wish to launch yourself to the High, by the ladder of Cystic Love.

Surrender and give thanks to the High. I command an army with your intraterrestrial and extraterrestrial beloved brothers, as much as you are, and at time most in need of assistance. They extend their helpful hands to you. Reach out to the generous offer and find in it the renewing impulse that you need:

Love, sublime path for redemption of creatures.

Love one another brother!

## 41 – TIME IS OVER

Brothers!

We brought the message of Life to be shared in Love, Peace, and forgiveness of offenses.

I walk among you offering the Major message able to keep lit in each of my brothers the eternal flame, Spark of the Father.

Time is over for this earthly humanity.

Even though I have been Way, Truth and Life, they did not follow me.

The Earth created to grant them the opportunities they deserve, as beloved children of the Father that you are, is in planetary imbalance.

**The first sign will come from death of little innocent beings who will fall on the floor.**

**This is the first sign I bring to you understanding that end of times is coming.**

**I will bring you two other signs, when a new time arises, so that you may be spread to the winds and reach those who can be achieved.**

**Don't worry too much about "blind" and "deaf" ones that had already their opportunities to awaken.**

Strengthen in the wakened hearts, courage, strength and discernment so that their eyes and ears do not close to My Presence. That they believe and humbly accept the "Enough" coming from the Father and to them to serve as instruments of help and assistance for those who interrupted their journey, parked in the mud and pain.

All those who have chosen the path illuminated by the Major Love will be united and supported by loving Force of Extraordinary Spirits who are busy for transition of this planet.

The Dimensional Portals open and the Final Cycle of the Transition starts.

It will come from Above; this sign that I bring you about death of little birds.

Two more I will bring to you publish them.

The Father supports you. Be good children to His command.

Love your neighbor as if you were yourself, not forgetting to love God above all things.

## **42 – FORGIVE TO HAVE LIGHTER YOUR BALE**

Christ I became, through the Holy Baptism seeking to awaken childish minds attached to carnal atavisms, likewise vultures upon the putrid decomposing carrion.

I came to show you a Way, as well as many others that came before and after my stay among you in the matter. We are nothing but Magnanimous Expression of Father's Love ascending the Trails of Light for the candidate for ascension to the heaven of benevolent vibrations.

Our lights are still on, but how many of you seek to walk the paths signaled by them?

You attach too much to the matter, since the birthday that represent nothing more than spoils exalting its state of constant disaggregation.

Poor children! Dear brothers!

Absorb from Above the magnetic energy capable of helping you in the awakening of children's consciences. Remove obstacles created by inferior thought and free yourselves for understanding of the "infinite forces of progress".

It is Love that calls you!

Love one another and meet Us!

Forgive yourselves so that your bale becomes lighter!

Stretched out your hands in the major prayer in helping the neighbor and soon we meet again.

Peace for all.

## **43 - THERE IS ONLY ONE ENEMY TO BE DEFEATED**

You who are all ears to My Messages, be sure that I am with you.

I look after you and I beg to the Father so that the tasks to you destined lift you up to Me, for no one goes to the Father without first receiving Me in the heart.

Surrender yourselves, beloved brothers.

We are One Body of Light vibrating in superior spheres.

In each one of you, I am,

Warriors of Light, your weapon is Love. The arena is the Earth, but the enemy is not where you think. Only there is an enemy to be defeated - your imperfections, so that the Light finally be present.

The fight is to work, confront and win.

Beloved, I am always with you.

#### **44 - I AM THE LIVING FLAME OF LOVE**

*Lots of Intraterrestrial Beings present greet us. There's a large number of prepared spirits to attend the lecture. They are accompanied by Instructors. Strong energy floods the environment with so much emotion among the present ones.*

Go and spread the Good News to My brothers.

I am the Living Flame of Love pouring over you workers, faithful servants, My Word of Peace so that, surrounded by My Presence, you go advance with courage and faith to reach the souls that are on the exit of the Valley of shadows. They are lost, because the darkness covers everything and they don't have the strength to defeat them.

Go and in My Name divulge the liberating Good News. I'm with you.

I am the Flame of Life! I am Love!

Beloved children of My Father, go and redeem your faults with the sweat of work in favor of those who are aimless.

I am illuminating the way, so that your steps be safe and sure.

I'm with you.

I leave you on Peace.

#### **45 – END OF TIMES OF THE FUTURE**

*I see Jesus with His disciples at the last supper.*

*I catch the following words from Him.*

Beloved disciples, you will give great testimonies in the following time, when no more, I will be among you.

You will have to face many sacrifices and bad weather in order to spread the Good News from My Father to as many as you meet.

Now, sacrifice and renunciation depends on you, so that My Sacrifice remains engraved in minds and hearts of My Father's children.

All of you bring Marks of the Planetary Chris identify you forever.

**At the end times of the future, aware of My Words, you will return and join with other disciples who, also bringing Mark of the Planetary Christ, will have to sacrifice like you, today, for the awakening of still dormant consciences of children of my Father.**

*At that time, He seemed to see us into the future time and spoke:*

All you disciples, brothers, beloved children, who at all times work in My Name and in Name of the Planetary Christ for rescue of the afflicted souls from darkness, do it, because they are the tools for your freedom.

**The modern disciples are similar to the former self-sacrificing disciples and with them follow, once again, the path of sacrifice for the liberation of the beloved Earth from the yoke of darkness.**

I leave you on Peace.

I am always with you. I am the Way, Truth and Life and no one goes to the Father except through me.

#### **46 - DO NOT GIVE UP YOUR TASKS**

I am the Christ Flame spreading light from Above.

Do not fear. Come to Me so that I comfort you.

Renewed in My Love, you will have strength and courage to face the future coming.

When you were disturbed by deep guilt, begged for opportunity to redemption; so it was granted blessed incarnation at this time.

Do not renounce the horrendous pictures that we present now. Do not abandon your task.

As beloved disciples of the Exalted Ramatis, continue lovingly listening to the instructions from Superior Spiritual Hierarchies, and

sanitizing your own soul, you collaborate in sanitizing your planet.

Love more and more wherever you go,

Yours Brother and Friend

## **47 - FIGHTING AND WINNING IS ALSO SERVING**

Peace among men!

Brothers, I came for those who cannot see, deaf, lame and lepers.

Those who have nothing are afraid to meet Me.

But those who have too much can also seek Me.

May friendly hands support the Love that leads the little ones, giving them to eat the bread of the life and wisdom.

From the Creator is the limpid source that regenerates and heals all evils, pains and wounds.

And if you come to the Father through Me, be you meek brothers Mine so that you understand the lesson from Above.

Go ahead loving God and serving the neighbor in His name.

Fighting and winning is also serving, using the only language that the blind and deaf can understand.

It is Me who call you.

It is Me who lead you. The Father is for all of us.

Forward in the name of Light, Warriors of Jesus!

The Father is with us.

Sananda - Vitoria (ES) - 06/16/2006

## **48 - END OF THE TIME GRANTED BY ETERNAL FATHER**

Beloved brothers!

I came for those deviated from the laws, and I seek to awaken them with the Light of My Love.

If those who benefit themselves from riches intend to receive Me in their palaces, let them know: they must come to Me for the fraternal work in favor of the suffering ones.

Your riches have nothing to invite Me to the Friendly Presence. It is in the filthy and clumsy cells that is necessary to implant the feeling of pure love among Brothers that we are.

Over there resides the sick ones of the soul in need of us, and to them we must grant the blessing of our Friendly Presence, touching their hearts with Light of Hope, Truth and Justice of the Father.

That the incursions that you carry out lead to all them My Presence and Love, which I pour over them, over you and over all humanity.

That they know the truth beyond matter, reaching their tormented and sick spirits, the spiritual reality that calls them to the redemption of their sins, to the urgent cleansing of their offenses through of resignation and sincere repentance.

**No “network of delinquent, deviant and rebellious beings” will take a single one of My little ones who sincerely wishes come to My Arms and free themselves from the Beast’s yoke that already reaches the earthly surface with their savage howls, inciting brothers against brothers.**

Come to Me, little ones! I welcome you with pure love from My Spirit.

The time allowed by the Father so that repentance could touch your unprepared souls is over.

Choose as soon as possible the path you seek follow. Take the right path.

Valiant Workers, Assistants of Christ wait to help you according to the plans of the Eternal Father.

That definitively open to the eyes of the incarnating ones, removing the veil of the illusory matter so that realize their condition of immortal spirits, acting according to their human nature in spiritual progress.

We salute you in the name of the Planetary Christ wishing the Peace of the Lord of the Worlds.

Jesus Sananda, 02/17/2006

## **49 - YOU ARE CHILDREN CREATED FOR LOVING**

Whoever seeks to disturb the path of my little ones will feel the strength of My Blessed Love.

Do not disturb the path of my little ones, except for his own imperfections. I came so that lots of you knew the Father's Love and believe. And believing, change the way of being and acting in the world.

Children created for love; when hurt by pain, are children on the wrong path and I will guide you to the arms of God the Father. In Him you can see all the Light and joy of being loved and created by Him as a spark of His Own Consciousness.

Inexplicable events connect you to the Creator. Inexplicable because in your minds, still remains the sense of elevated knowledge, which allow the understanding of Perfection.

For now, bear in mind that you are little and loved. No one goes to the Father without love raised to higher power. No one goes to the Father without

personifying the flame of life within themselves, making it shine through dedication and work for others. No one goes to the Father except through Me, your brother, son of God, Spirit of Light who, above you, directs the destinies of your planet.

Humanity, surrender to the Hosts of Light, abandon the Darkness and serve the kingdom of God so that you can dwell in it.

I call you in the name of the Father.

## **50 – EVERYONE WILL HEAR AND FEEL HIS PRESENCE**

My dears!

I came and you did not understand the meaning of mine presence among you.

Before Me, Loving Brothers came and little you have enjoyed its messages of love and peace.

After My passage in the physical body on Earth, others came and you did not understand their friendly messages.

Now "she" will come and there will be no man or woman on Earth unable of understanding the news.

Everyone will hear and feel her presence, closer, or further away, but through it will reflect on their own lives and on the paths traced millennia ago, traveled without due Christian care.

Other peoples did not receive Me, but they did to other Illustrious Messengers. Therefore, not being privilege of yours, they will also feel embarrassed before the imposed presence.

Crying and screaming will echo and, knelt down, men will surrender, begging for relief and an end for their torments.

The final messenger, who will leave no doubt hovering in the most incredulous minds, is the one who we postponed as long as possible in sending you, but that you, by insisting on errors, demonstrate to be essential.

Pain comes to you at the end of the learning cycle on Earth and its humanity.

It comes followed by lots of geological changes, climate change and ruins that will leave marks on the Earth's surface and in human hearts

humans.

Only then, poor children, will you be able to appreciate the countless warnings, alerts and news that the great friends and brothers.

Thus, given over to the humblest condition, disillusioned with arrogance, overcome by suffering, many of you will understand and fulfill the Law of Progress.

We wish it weren't this way, but it will be.

### **51 – TIME ADVANCES AND THERE'S SO MUCH TO DO!**

Beloved children!

It's late!

The time is advancing and there is so much to do!

Help your brothers!

Answer the calls and cries for help!

Help the weakest ones with the Light of understanding that you have already achieved!

There's a lot of work! And remember: As you work, we watch over you!

We are brothers in God who is the Creator Father!

yours brother

### **52 – I AM ALWAYS WITH YOU**

*I see you at Pedra Azul and the spaceship of the Commander Ashtar Sheram hovers over there. Then my soul hears:*

I walk among you who do not feel Me!

Even now, with My memories alive in your minds, you do not practice My Lessons. (It was the eve of Palm Sunday).

My brothers, we are children of the same Father. Be meek, humble and practice His Will.

Love each other as the Father loves us.

We would like to be able to reduce your pain, but your faltering steps chose the stony paths that hurt you, avoiding the illuminated path that we show.

Take advantage of the time you still have and change the direction of your thoughts and actions.

Remember My Presence among you and practice the Universal Law of Love.

With you I was, I am and will be.

yours brother.

### **53 - I AM THE FLAME OF LOVE THAT NEVER GOES OUT**

*After the mantra recitation, through the Light, the Venerable Mary, mother of Jesus, leads us to the Holy Mountain to witness the magnificent Wesak Festival.*

*Arriving there, each one stayed on the step compatible with his vibration. The scenery was beautiful! Then, I caught the sublime words:*

Brothers, I speak to your hearts.

Examine your inner self where I am and always to be.

You thought you were lost in the darkness, but there I am, within you.

I am the Flame of Love that never goes out and I illuminate your steps, even if in your eyes the darkness is everlasting.

The plagues reaching this humanity did not come from the Heart of the Father who loves you.

All the storms were caused by your actions on error; for the sordid desires that you cherish; for the lack of love in your cold hearts.

You started the "gnashing of teeth" which we cannot stop the inevitable suffering that comes to you.

Tormented children of My Father, elevated the eyes to the High, knelt down and redeem your faults, so that you may remain on earth.

Do not lose yourselves once more, for in the far region to which you will be thrown, the more difficult it will be to You feel me the Presence.

I am for you. Who will be against you?

Sananda - Vitoria (ES) - 05/02/2007

## **54 - WHY CHOOSE THE EMBER PATH?**

I feel strong energy.

The presence of Lord Jesus floods the place.

Joining environment and Presence of Lord Jesus, the energy of to Master Ramatis diluted forms a single focus of light. I start to listen:

I am the Way, Truth and Life. Nobody goes to the Father, except through Me.

Those who feel lost, tired, afflicted and wish to become lighten their journey, seek the light of love I offer you and, meekly, guide your lives towards the Consoling Gospel that came for this hour of pain to comfort, support and clarify the delayed of progress.

Light is My yoke; Light is the Mercy of God who grants you infinitely less trials than you would deserve.

Brothers, your faults are so many, but for heart repentant, the spirit renewed, new opportunities for readjustment will shorten the pains.

Why then choose the path of embers, when do I offer you a lap friend?

Help one another, for you are all brothers! Take care of each other, because you are in the same conditions!

Listen to words that call you to redemption; and, above all, love one another as I love you. There is no among you preferred by the Father, and you are all in the conditions for awakening to true life.

Light and blessings on your way.

Even though my yoke is light, you refuse to accept it. You distance your steps from the path and enter dark places.

There is no mystery in my words of comfort and clarification that I send you. My messengers also look for you and you doubt them.

Clear is the path that leads you to My Father. Why do you avoid? Refuse sufferings on Earth, choosing to exchange them for even greater suffering on Earth.

Brothers, I was with you and I made the voice of the Sovereign sound in your hearts. There is nothing else, other than His Presence guiding your destinies.

Follow the teachings, while opportunity still presents itself to you.

Love and forgive each other, and soon, we will meet in Creator's name.

Peace among you.

Sananda - 06/19/2007

## 55 - OUR SADNESS DIFFERS FROM YOURS

*Strong energy surrounds us.*

*I see Jesus. His look is very sad.*

*I look at Him and think: You are very sad, aren't you Master?*

*He says:*

“Our sadness differs from yours. With our vision of future reach, we can see the brothers of humanity and the remedy for their pain in front of them; but these ones use many detours on the way, which prevent you from reaching the remedy that would reduce your pain and suffering.”

*Then I see us fighting and He says:*

“No matter the physical discomfort, there are a lot of struggle and everyone should participate.”

“Go My daughters and fight in My Name.

I will relieve your pains and support your bodies so that you can lift up your spirits in the fierce fights of “end of times”.

The “time has come” and My brothers, children of my Father are still asleep, not wanting to wake up from illusion of fictitious material life.

You forget that matter is the means and not the end, since it is a transitory vehicle of progress for the immortal spirit.

The “times have come” and you continue with the lamp under a bushel; lock in the eyes, just seeing the veil in other’s eyes.

The signs present themselves, however, you are incapable of deciphering them with a mind stultified by the gross sensations.

Come to Me, and I will set you free. But beware, My brothers! False prophets proliferate and misrepresent My words, maddened as they are by temporal power, by the desire to have your souls and your little material resources.

Analyze them with the eyes of the soul so as not to be deceived.

Relief for your sufferings is no longer possible at this time, without the searing pain. The greater are your suffering be in matter, the closer I will be supporting you, so that you do not waver in the supreme hour.

The signs of the end present themselves. Clean yours clothes through renunciation and love to the neighbor so that see them clearly.

Pests multiply. Insects and venomous animals spread uncontrollably under the earth toward the terrestrial surface in search of food. You have destroyed the balance and will suffer the consequences.

Faith and Love are your protection.

The lack of control of nature is directly proportional to the lack of control of human actions.

The script of salvation I left you.

Come to Me, for I am always with you.

yours brother

Jesus, Vitoria (ES) - 08/31/2007

***Clairvoyance:*** *He touched our bodies and healed us. (It was what I felt at that moment. Be became a ball of Light that radiated through all sides and had gone.*

## **56 - BLESSED ARE YOU**

Blessed are you, my brothers, who labor in the My Vineyard for Awakening the Consciousness of the neighbor, who remain in ignorance.

Blessed be your suffering and your renunciation in favor of this humanity.

Jesus, Vitória (ES) - 07/09/2007

## **57 - I AM JESUS**

*I see Jesus beside sick children. He touches them with love, drying their tears and softening their pains.*

*Strong emotion invades my being that capture the following words.*

My children, do not be too impressed with suffering of others.

Concentrate your energies on improving your spirit in accordance with Laws of Loving Father so that the suffering does not reach you.

**The pains are echoes of your conscience, charging the suffering caused in your fellow man.**

The pains inflicted on your physical bodies mean the scourge you have in your soul.

My Love for you embraces all your pains.

Elevate your forehead to heaven and your thoughts to Me.

I am the balm to soothes your pains and I will lift you up to heaven, beyond suffering.

Your pains are My pains and your rebellion My suffering.

Seek Peace and Love, practicing them in My Name and you will be free once and for all from darkness and gnashing of teeth.

I am always with you.

Jesus, Vitoria (ES) - 10/05/2007

---

### **58 - I PROMISED TO BE WITH YOU AND SO I AM**

Beloved brothers!

Even if events try to assure you My Absence! I did not abandon you.

Even if the immense pain mistreats your bodies, and your souls do not find rational explanations for so much suffering. I have not abandoned you.

Although the "Forces of Evil", organizing themselves, affront the children of God, do not give yourselves to the despair!

I promised to be with you and so I will be and once the pain is silenced, in the intimacy of your faith, you will hear My Voice comforting you.

At that time, hearing the words of love that I send you, stretch out your generous hands and help the children of My Father, **repeating in the loving attitude, the message that I will not stop sending you.**

It is time for pain, the pain you sowed and only you can reap.

May suffering be for your rebelliousness the medicine that heals forever.

From Yours,

Master Jesus

Vitoria (ES) - 10/10/2007

### **59 - DO NOT GIVE YOURSELF TO SUCH REBELLION**

My brothers you continue attacking one another, destroying life, tarnishing the Work of Creation. You deny your Greater Father.

Don't give yourself to such rebelliousness.

My brothers, being with you, I made and fulfilled all of the promises, embracing each one. Only the inner rebellion that often dominates you, it repels My Presence.

Raise your eyes, extend your hands in supplication to the Father, so that He may have mercy on you and on your rebellion and resistance to Good.

So simple is the Path of kindness, of forgiveness and of love. So rich are as the tasty fruits of feelings elevated to the presence of the Father. Why then do you despise that Love?

The Beast, maximum expression of rebelliousness materializes its intentions to drag you, breaking the ties, disuniting, separating, mistreating the children of God, my brothers. How much suffering, how much pain, how much tears, when the path of love brings only Smiles, Hope and Kindness.

Beloved brothers, join overcoming the force of evil separating you.

Beloved brothers, look around and see how much we need you. Our love is great, but the Law is greater and free will needs to be respected. The choices you make determine your paths.

Choose Love, Union and Life and everyone who does so, they will be with us and, strengthened by the Major Force, which is the Father's, Will unattainable by the Beast Forces.

On the contrary, those who choose the path of pain, we will not be able to snatch them to our conviviality, as they do not wish to do so.

Sacrifice and renunciation go hand in hand with progress and, therefore, those who wish to detach themselves from matter will need to learn to renounce desires, surrendering themselves obediently to the Forces of Light.

Beloved brothers, we are at war and until the end we remain with you, supporting, leading and loving.

May the Father bless us.

Jesus, Vila Velha (ES) - 10/20/2007

## **60 – CONNECT WITH FORCES OF GOOD**

Lord Jesus presents himself humble and simple, smiling, radiating intense Light and Goodness. Thence, strong emotion invades us.

I catch the following words:

My daughters, you are walking spirits of the eternity. The splinters of the earthly journey cannot rekindle old disaffections.

My Light, My Love enveloping you heal the badly healed wounds of your souls. Overcome the human instincts and advance on the path towards evolution.

Those connected to you are brother's debtors to each other and who receive the blessed opportunity of readjustment.

Connect with forces of Good which I represent and have unshakable faith in the Light guiding you.

Brothers of mine already walked forward, in My Name they lead you. Give yourselves to the Light and do not allow the children of ignorance dominate you; they also will wake up one day.

I am for you and nothing and no one will reach you, breaking your steps, unless your will which must be firm and clear to keep you under the Protective Light that I uninterruptedly pour over you.

You are beloved brothers. The Greater Light planted here has a deep foundation that must not be destroyed without causing disastrous consequences for belligerent and weak spirits.

Join under My Protection and I will lead you to Eternity, the House of My Father.

Love each other.

Yours brother,

Jesus Sananda, Vila Velha (ES) - 10/20/2007

I see all the workers knelt down, lots of them crying copiously. I can also see dark spirits lying on the ground, without conscience, before the Divine Presence.

## **61 - FAITH IS NOT FOR TO DO BUSINESS**

Beloved brothers.

I was among you and so I remain.

Do not seek in matter, liberation. Cultivate the seed of knowledge transmitted to reap the fruit of faith.

**Only faith can free souls; and faith is not to do business.**

Its cultivation will give each one of you the condition to free yourself from the ties you have attached yourself, along your journey towards progress.

Beloved brothers, the time is for liberation and lots of people are hurrying towards the prisons of the matter. Do not be deceived, only the spirit is eternal life, and life is liberation.

Lift up your minds in this serious hour and seek the attunement to open your spiritual eyes and see beyond material borders, to which you are induced to see. Many are interested and guide their destinies in matter, in favor of spiritual progress.

There is in the immensity of the world, the path of light granted to each creature. Faithful face challenges, overcome obstacles and come to Me, who await you for the "great feast".

The Creator Infinitely Good sends important Emissaries, whose warnings have been neglected, as many do with the warnings of this HOLDER who speaks to you.

I was judged, condemned and crucified so that the Sublime Lessons found on Earth the opportunity to develop and bear the fruits that each one could enjoy, feeding the spirit to grow and elevate themselves before God.

What have you done, brothers, with the lessons offered to you?

And what do you do now with the brothers who arrive from Spheres of Light bringing you the remembrance of the unfulfilled tasks, unrealized progress, and from the unconquered bad tendencies? What do you do?

**You offer disbelief and distrust.**

And if They were incarnate, what would you do?

**Do not spend your time in empty prayers.**

Through the strength of your heart, renew the words devoid of meaning, starting, each one, from their own reality before accusing their brother. There is still time, for the Goodness of the Father is Infinite and gives you the opportunity to evolve.

Time runs out! Those who did not understand will continue the lesson in another School.

Only the Will of the Creator is Sovereign and only Him we must serve!

May Love and kindness be with you and may the peace guide your steps towards the Light.

## **62 – STRETCH YOUR HANDS FOR THOSE NEAR THE ABYSS**

From the High, we lead your steps.

The Father, all Love, Kindness and Fair did not create the Orb so that became depository of perfidious experiences, of rebelliousness children and latecomers of the evolutionary process.

You have been studying and working to understand the reality about which we warn you. However, to be face to face with them is extremely difficult. We understand this is why, especially, we need to defeat the “Retrograde Forces” acting on the Planet, be free from their sharp and stubborn claws of spiritual backwardness. (\*)

They are many of beloved brothers, but who are ignorant and allow themselves to be dragged by perverse minds. If what you see hurts in your hearts, imagine

how much suffering and pain it awakens in all your brothers and sisters who are a little further along the journey!

This is the reason for the collective efforts of all these Beings for support and rescue of unfortunate creatures, through battles and combats, against the environments created by the “Dark Beings”. We need everyone's work, as there are many unvigilant minds, therefore, easy prey and vulnerable to the onslaught of evil.

**Pernicious influences hover over the Earth seeking to dissuade creatures from the reality between good and evil. They seek to distract minds by claiming that opposite extremes do not exist, that statements classifying moral procedures into right and wrong are relative.**

The Lessons I left you, still despised and forgotten are the beginning and last salvationist resource for incarnated childish minds.

My beloved! work in favor of the blind and the deaf ones.

Extend your hands for those who find themselves on the “edge of the abyss”.

The “thirsty Beast” watches everyone and with its strength and magnetism attracts lots of people.

Each one that you manage to rescue from dark regions towards the Light, it is Me that you are helping.

You are workers, each one of you, arms and hands of the Christ, eyes and mouth of the Creator, and as such you serve, aware of your countless limitations; but, filled with the faith that removes even the highest and heaviest mountains of errors.

Have mercy with each other! Don't judge, just help and support!

This is the message we leave you now.

May God, the loving Father, support us at this time.

**Sananda, 03/01/2008**

### **JESUS WITH US**

The Beloved Master stays a little more with us and we all feel a strong emotion with His presence.

We have our strength renewed.

We are very grateful for Presence of the Master and work offered, which provides us close contact with such a High Being.

We are sure that It was much more than we deserve and it encourages us to work faithfully and more intensely.

With the blessings of Christ, we work with you.

**John Baptist**

### **63 - WITH YOU I AM!**

*Strongly the Energy of Jesus floods the "battlefield". At the same time, I hear the following words:*

"I am among you. Can you hear me?"

Go to meet the children of the ignorance who disrespect the Laws of the Creator, feeding the flame of hatred.

They do not feel my friendly Presence and must be pulled out of the maddening torpor that dominates their minds and hearts.

Only the "Sword of Light" can reduce their harmful load cultivated over millennia.

Go sisters! Rescue the brothers from darkness.

With you I am!

Jesus, 03/01/2008

### **64 – THE FLAME OF HOPE IS ALWAYS LIT IN THE UNIVERSE**

*During the lecture, I saw many spirits already with deformed appearance. Lots of creatures came from the Earth's lower astral to listen to the lecture and they filled the hall. Quite suffered mostly, some of them barely supported themselves standing, but everyone was lucid. Although supported by nurses at the House, they made a lot of effort.*

*At the time of relax, I felt strong presence of Lord Jesus; and at the same time intense light flooded the entire hall. His words sounded clear in my mind and were directed to sick brothers present there.*

*They were words of true love, which penetrated deeply into everyone's soul.*

*He said:*

The "flame of hope" is always lit in the universe. It dispels darkness that never turn off the light.

Beloved brothers, keep in your heart, the certainty of the Father's Loving Presence, watching over each one of you and awaiting your return.

From the deepest abysmal regions inhabited by His Children to turbulent earthly surface full of unhappy spirits, organized in gangs, all receive from the Perfect and Loving Thought of the Creator, the magnetic waves of light enveloping their minds and sowing the seeds of change there.

For those who miss their dear ones lost by "Organizations of Evil".

For those that in vain, struggle for free themselves from the evil siege.

For those who, inspired by "Forces of Good", yearn to free themselves from the slavery of darkness.

And even for those waking hours for lucidity of thought that yet did not reach them, that they wait confidently and dedicated to love the neighbor.

Wait for the happy reunion that won't be long, for the "flame of hope", untouchable, always shines in the universe.

You can always evolve, because nothing and no one will stop a child of God from walking towards His Father.

It is your brother who says to you!

He, who for you is Way, Truth and Life.

Jesus Sananda, 06/12/2008

*After uttering these words in His Presence, the light shone brighter, making the present unhappy brothers fell to their knees. Some rolled on the ground due to the strong charge of energy received. This energy aided all of them in restoring their human form and health more quickly.*

*Our brothers, workers of the light present there, were also helped by the strong charge of energy and everyone was deeply touched.*

*After a few seconds of deep emotion, John Baptist (current Mentor of GESJ), looking at the scene of the "rescued brothers" who suffered the impact of the Adored Master's strong light, due to his state of still precarious health, he said to everyone:*

In this way, my brothers, future workers of the light will come. Those who fell to the ground before the Presence of Christ, will resume their journey of "angelic ascension" through work, dedicating hours and hours building the kingdom of God, wherever they are.

*The strong emotion also enveloped the people for some time, until, gradually, the brightness in the place returned to normal, and the sick brothers were taken to wards. Everyone went back to work.*

## 65 – BEFORE THE LAST HOUR SOUNDS

Beloved daughters, you are My Arms, My Voice and hope of My Heart to see My Father's children rescued.

I left my bloodshed over the unblemished land and your bloodshed often provoked hatred and revenge. Go, my daughters, even having your bloodshed. Now no more to retake hatred, but to bring Peace and Harmony on Earth.

Rescue My Father's children from darkness, cast them to the spheres of help, answer the urgent Call from the High.

I am with you, My daughters, fear nothing.

Closer to Earth I will be so that you feel my Presence by your side.

Wake up My brothers, before the last hour sounds.

That My peace envelops your hearts and My Love lead you to victory.

Jesus, 07/19/2008

## 66 – ONLY ONE GOD GOVERNS YOUR DESTINIES

*I saw a long beach and at the same time the Earth began to shake.*

*The sea retreated.*

*A giant wave was formed washing the Continent.*

*After the clairvoyance I heard the following:*

So many people will die in the world.

You will know that pain neither know boundaries, nor social class, nor color, nor physical type.

**Lots of people will know that despite all “technological advancement”, all accumulated knowledge, and any developed weaponry, you are still humans, and as such, you will easily be subjugated by “Forces of Nature”.**

Lots of people will learn that above you, One God governs your destinies; and while loving many idols, only in Him can achieve Peace.

**You will know, by the force of painful experiences, that only Fraternity can make peoples a nation, and that Charity will be the only strong currency in use, in times of atonement and pain.**

**You will know that the end of your human civilization on Earth is near and many people will be confused about their own lives. So these will know that death does not eliminate life, but discards the opportunity for evolution ahead of time.**

For those who don't want to know what's going on, pains experienced will provoke revolts. For them have already chosen their path, you can do nothing.

But as for those who, taking advantage of the torment, wish to awaken, never abandon them, for to each of those little ones that you help, you help Me.

I love you and My Love is for you in this hour of distress.

It is enough that in your hearts you remember Me and call My name.

I am the One who guides you.

I am

## 67 - TIME RUNS FAST AND EVERY DAY IS SHORTER

Brothers!

Unveiled efforts are made by teams that work to awaken your minds.

Almost imperceptible are the beings who respond to Our call.

To the Father, I asked more time for you, however, they mock time, employing it increasing the folly and faults that commit.

The Lessons transmitted during My passage on Earth are tirelessly repeated by devoted brothers; yet you mock the simplicity of his brotherly and pure love.

More easily you surrender to mortal clutches of those who attract you with primary sensations and illusory lessons, which do nothing to untie the intricate ties of lower instincts completely dominating you.

**After cleansing of the lower astral, all those who today, despise and mock, they will be desperate, screaming with their afflicted arms, terror-stricken souls, begging for help.**

**So, all of us, who today call you to renewal, there is nothing more we can do, because Sovereign is the Law that gives you freedom to choose where you want to go.**

Between freedom that comes for some people and prison that will extend to other planes, there is a time running fast and every day shorter.

Whoever has eyes to see, let him see!

Whoever has ears to hear, let him hear!

**Nevertheless, those who understand nothing or do not want to understand, bear in their minds Our Message of Love, so that, in time of exile, remember**

**that God, Fair and Magnanimous granted everyone the same opportunities, and that meek or rebellious men made their choices.**

Blessed is the Presence of God among us!

## **68 – DO NOT BLAME THE CURRENT DIFFICULTIES**

Brothers,

My Love surrounds you, however, you do not feel Me.

You call Me to solve your problems and difficulties, however, you undertake nothing of yourselves to practice My Lessons, to strengthen courage and faith.

You sow winds and reap the gales of your follies.

I am supporting you full time of your lives.

Do not blame the difficulties of the moment. Cultivate Love, because the lack of love has made you fragile creatures, easily influenced by unprepared brothers.

Love each other as the Father loves us!

Yours Brother,
