PRESENTATION

I decided to gather the few messages we had about black men and others transmitted by spirits that introduced themselves with the characteristics of same color, to honor them, as we have already done with our Indian brothers, through the simple booklet: Messages from our Indian Brothers.

Humble and working race, good spirits and friends, however a large number of them are still discriminated even in the astral world by Spiritist Houses that claim to be followers of Master Kardec that neither did distinction among spirits of white nor black color, Indians nor Asians, but threatened them simply as "Spirits".

What are we, where are we from and where are we going, regardless of skin color, hair and ethnicity or race to which you belong.

We are all children of God, divine sparks created to evolve.

The great Master Ramatis tell us, regarding a black person, the following: "There are always spirits in need of a black body, of strong genetics and courage to embrace and conquer your karmic freedom.

Yesterday, black men, Indians and slaves. Today, rebel angels redeemed and revealed by Infinite Mercy of the Father "...

A large number of these discriminated brothers works with us at GESJ (former ASJ) and, Servants of Jesus Spiritual Colony.

Among them, I highlight Father Joaquim of Angola, grateful for his affection, love and extraordinary dedication to our tasks at Spiritist House. In one of his past lives he was black and slave here in Brazil.

One day, anymore supporting so much humiliation and cruel punishments, he abandoned he farm where he was slave.

He was captured by pursuer and catcher of runaway slaves and as it was usual in those sinister times among Lords and slaves, he had burned his feet, besides other deplorable punishments.

That inhuman punishment marked his soul, that even a few centuries later, he still has his feet crooked, twisted and with sequelae.

Nowadays, his spirit has another appearance; however, if necessary, his perispirit or astral body take the form or appearance of some past incarnation. It only depends on the spirit that has already reached a certain evolution.

Father Joaquim of Angola has already forgiven, a long time ago, his executioners. He introduces himself with burned, twisted feet, when he needs identify his incarnation in that sad time of slavery.

I take this opportunity to talk about this spirit, as Representative of black people who fulfill tasks with us on the invisible plane.

Once, precisely at the end of 1960, when he arrived at the department where I worked, and a colleague of mine said:

– “Margarida, last night I had a very interesting clairvoyance linked to you”. She was a spiritual medium, the same as sensitive or channel.

I curiously asked her to tell me what she had seen, because it was about things from “other world” related to myself.

Here is the report about the clairvoyance:

– *“I have seen sitting on the edge of my bed, an old black man, whose feet were crooked, twisted, as if they were burned.*

I asked him who he was, why he was there and what he wanted. I made those questions afterward noticing him serene with kind appearance.

He answered me:

– *I came to ask you a favor: “Tell Margarida that Father Joaquim of Angola is going to work at Spiritist Center that she will create”.*

Afterward that message he disappeared.

I need to say that at that time I was looking for a room or garage to rent and create a small Nucleus for study, through lectures and practice of the Spiritist Doctrine codified by the distinguished Master Allan Kardec.

Months went on, and I couldn't find a corner for rent, when on December 23rd, 1970, I started the meetings in one of my children's room: I myself, two co-workers and three women friends of mine.

The reader would ask: Why Father Joaquim de Angola (spirit) introduced himself before the formation of the current Spiritist Center?

Father Joaquim already knew me through a small group in my neighbor's house. She was a spiritual medium that talked with disincarnating spirits arrived over there

In that little place I received two important and comforting messages.

Father Joaquim had already been my father in a past life and Irene Santos who also worked there, she had been my mother in a previous incarnation.

Both are with us working and helping at GESJ, ASJ and Servants of Jesus Spiritual Colony.

Now, there many brothers and sisters who were black and slaves in past incarnations working at Servants of Jesus Spiritual House.

Some of them remain with us like Father Benedicts, whose medium moved away from GESJ, but he did not go.

He is currently working in the Medical Team of Doctor Cruz, because in a previous life, he was doctor.

At that moment, I remember of the scientist Lavoisier's theory:

"In Nature, nothing is lost, nothing is created; everything transforms".

But I did not end yet.

I end this simple Introduction stating once again:

In our small and humble Spiritist Center, we welcome as our friends and brothers any spirit, even because, if they have incorporated they have gotten permission by the local spiritual Guardian John the Baptist, the same Saint John.

They are white, black, Indian, Asian, including at high spiritual level, angels, archangels, evolved extraterrestrials and Intraterrestrial and also rebel ones. In a descending scale: voodoos and partridge doves; even Elementals visit us bringing messages.

At Servants of Jesus Spiritual House, we lovingly welcome all of them based on the principle that all beings and everything are divine creatures, sparks of light emanated from God, Creator Uncreated.

The, we all are brothers.

Until the next little book!

Margarida
Leader of GESJ and ASJ

THE PRAYER

When the shadow of despair is near of your heart, even if lack your strength, seek the help of prayer that comforts.

When at night, in contact with sublime voice of your Guardian Angel who speaks to you through the voice of conscience, you realize that the guilty is yours, continue praying so that you rise again towards the tests to rehabilitate you.

When pain manifests as illness in the physical body urging you to long reflection, take refuge in sincere prayer, for not fall into useless revolt, which nullifies the beneficial effect of painful moments.

Finally, while praying, you are safe, having no obstacles that your spirit cannot transpose.

With the peace of the Lord,

Marcos Novaes

DIVINE PRESENCE

Lord, do let my eyes not be closed to my brother's cry
That my heart not be closed to the pain of this Earth
That I am not one more, begging for help
That I am not easy prey to the matter.

Father, that Your Light that guides on the right road.
Be You my compass on the path, following your pulsating hearth.
May Your Arms warm my anguish and welcome my victories.
That I can pray without forgetting the Christian work

That my highest goal in this life be what You wish to me.
That my tears do not serve to feed hopelessness.
That my hands be extended so that I elevate my brother.
That I can see, without judging.
Giving, not receiving.
No demands, only loving.
Without never giving up the battle, but always fighting.
Father, I can feel Your Presence in me
I follow Your Laws, Your teachings.
May I be Your Warrior of Light in this fight
May I be a useful instrument in this Transition.

YESTERDAY BLACK, TODAY WHITE MAN

Clairvoyance: *I have seen a black man who was waiting in the astral world, the time of the communication. His mind seemed transported to the past and I could hear sounds that echoed by his memory "too black! And he became speaking:*

Indeed, I was black person. Today, I am Spirit; spirit does not have color, Spirit has all colors.

I was already born black, white, Indian and yellow person.

I lived many lifetimes. In lots of them I had planted, but none of them was as important as the one I collected.

As white man, I massacred humble people. Judging myself superior, I dominated and made them to suffer. I was born a slave, carrying the karmic sentence on my skin: "You will be black".

I incarnated bringing the mark of those who have much to redeem. I grew up, I fought, I won! I have done what was agreed and to my people I returned the dignity once stolen.

May each one do with his dignity what he wants, they can give it free, deny or even refuse it, but black that we are, nothing diminishes us. On the contrary, with our history of suffering, our people carry on the color, the banner of freedom.

We are free. Free from prejudice, from hatred and free from pain. We conquered, with sweat and larger effort, the way of love. Whoever wants to follow with us, white, black, brothers of all colors, then take up their cross, as Jesus determined and come singing praise, because the divine plan places us on equal terms in the search for progress.

Yesterday black, today white. There is no point in despising, everyone will go through the test of experiencing the color black. It is the law of reincarnation, multiplying opportunities to show human beings that Peace is built with equality.

Hail, hail the black race!
strong and fearless people.
Save the fight for the oppressed!
Zombie I was, bitter sad death I had

But when I was alive I was
Of black people I was King.

I continue to spread
the message of hope
Here and everywhere
Only, he who makes change is free.

Look inside yourself
Indian, black, brown
and try to improve yourself.
The biggest prison is the one
That doesn't let you leave the place.

I want to say to black people
that being black doesn't give pleasure
because this world is late
and if you live without learning

how much time wasted
between laws and discussions.
Slow to understating
that we are all brothers

After so many years
Since death of black slaves
we still see healthy men
suffering like vassals

wake up humanity
and learn the lesson:
Equality can be lived
With love in your heart

MESSAGES

01 – THEY THINK THAT WILL HELP

Blessed is Jesus.

Zambi comes to say that his little brother, when sleeping he's going where he shouldn't.

Wrong choice, this cannot happen again. The same Life awaken on earth must be also sleeping.

He, who keeps escaping from the commitment he chose, can't either. Many brothers waiting for help are sad when help does not arrive.

We work preventing them from returning to pursue the enemies of the past. But we can't contain the force of attraction they have; only you can do it through the work to keep away the spirits that charge the mistakes made in the past against them.

Today, he runs away from the charitable service; falls, and the enemies of past lives come against them. Anything we can do, it's everyone's choice. They work at day and at night while sleeping because they go to the “abysmal zones” to look for old friends.

In those places it is only possible to arrive to rescue souls who wish to free themselves from the suffering in which they are.

Lot of us try to help, however, we can do nothing for those who do not wish be helped, ignoring the basic orientation received when arrive at the Spiritist Doctrine.

You can't go back anymore; we need your help.

Zambi says goodbye asking for forgiveness for everything that should be said.

The time is not just to listen, but mainly to act.

Margarida: *We sincerely thank you for your friend presence always with us.*

We beg Jesus to continue giving you strength and courage to fight against the “darkness”, and help those that are ready to be rescued.

May Jesus always bless you and all your phalanx.

Come to visit us whenever you want.

Zambi

GER - 03/13/1998

Note: *Up to now, some companions aware of the Spiritist Doctrine, thread on wrong roads in the astral while sleeping, looking for companions, despite the warnings from Superior Spirituality that works with us. They go to “help” and awake the sick ones.*

02 – WHERE HAS FOREST, IT IS ZAMBI’S HOUSE

“Nai Sai, Avla, cer”i.

Zambi introduces himself.

Don't worry, sister, about the way to go.

Plants and birds speak and can be used, if necessary to show them both the ascent or descending way.

Listening to the Beings of Nature is easy for man. Just get in tune with life.

Zambi will take and bring it back.

Margarida: *Thanks God who can reward you bless you. Were you with us since the beginning of the walk?*

Zambi: I arrived today. I was chosen for the task.

Margarida *I have remembered a lot of you, since I arrived here.*

Zambi: Affinity. Sister looks at Zambi's house and remembers Zambi.

Margarida: Where is Zambi's house?

Zambi: In the Forest. Where has forest Zambi’s house is there. Here I come to supply myself on the work I am doing with the Group now.

Margarida: *Indeed, we have our strength exhausted, so, we need to replenish ourselves. It also happens with us.*

Zambi! We strengthen ourselves with energies from forests.

Margarida: God bless you with strength to perform your tasks.

Zambi: Forest is like a waterfall that washes the lower energies, transmuting into life. Likewise, in matter, a dead body is transmuted to new life.

“Tucumê, Nassai, Avecari”.

Blessed is Jesus!

03 – DRAWN PLAN

Clairvoyance: *I have seen Servants of Jesus Spiritist Group of Jacaraípe/Serra/ES, settled down by also leader and companion Penha Torres.*

Again, I saw the same spider as a few days ago. It turned its head and left from the place in search of some way to infiltrate its negative energies there inside.

She got an incarnating person to infiltrate its allies in the Spiritist Center. At the same time, it was closely followed by Guardians of the House. It has been established a protecting plan parallel with presence of Beings of Light.

On the meeting day, Zambi was in the center of the hall radiating intense light and the Spirit chosen to blocking negative energies, also radiated intense light over there.

I have seen two incarnations of Penha, with presence of Zambi. In one of them, both were black people, slaves and children. She was the oldest at about 12 years old and he 3 or 4 years old. The parents were also slaves. The father died and she protected him like her son. I had also seen someone tried to attack the boy and she protected him with her body.

In another life, both were Indians. However, they were not blood brothers, they had strong ties of friendship. They went out to hunt and were always sharing activities of the village.

Communication:

Do you remember, sister, the attack around your Spiritist Center, with dark brothers insisting in penetrating the place that you settled down?

Plan drawn, exercise learned.

They insisted on the onslaught, advanced and were detained. Like an athlete who prepares his musculature in repetitive exercise with weights, you were exercised with light weights. (*There was dissent and some of them moved away, but the Group remains stronger than never*).

Be ready for other exercises that will come, until the clashes take place on equal levels of strength. As we said before, your protection is on alert, you are not alone. We invite you given the level affinity we have, to participate in the charitable works of rescuing black African brothers.

Peace in Jesus.

Zambi
GESH - 02/25/2000

04 – CALLING OF ALERT

Blessed is Jesus! Hail Warriors of Light!

Watch your thoughts! Treacherous brothers observe you.

Keep your thoughts strongly linked with each other. Avoid fear.

Signal was given now to them found out the place where the great warrior is.

Lots of dark beings gather against you. It was allowed them to only see the Group now, due to the great battle tonight.

Many of them must be defeated so that know the Force of Light. And many others shall be slaughtered and banished.

You are protected and so may remain.

Our warriors and our animals are ready watching you. These (negative) beings cannot penetrate the psychic sphere of that Group.

Be you strong together, patient and tolerant with each other. Avoid openings.

Tonight, you are going to a serious battle.

Question: *Will this battle be against the Dragon seen by some mediums?*

Answer: Yes. His subordinates come first to weaken you and then he attacks.

Q: *Will be of mine, the final battle with the dragon?*

A: Yes, the final battle will be yours.

– Thank you brother for information.

– Various Xavante warrior will be fighting with you in this battle tonight.

Q: *Warriors from the tribe here?*

A: Yes. Those who already have understanding about spiritual life will be fighting and with you. Many of you may have the bodies wounded.

Q: *Do you mean, after battle, some of us may have sequel in the physical body?*

A: They manifest according with weakness and vulnerability of each one. Don't be scared!

Q: *It means transfer of ills from astral body to physical one. Is not it?*

A: If so it be, it will only be drainage. Carefully cleaned and asepsis as instructed by the doctor who accompanies us.

Q: *Is Doctor Cruz, the Head of GESJ's Medical Team?*

A: Yes. Doctor Cruz's team will heal the wounds. Do not worry. Our sister (medium) already brings contamination of dense fluids from last night battle. They were blows threw against you and that your physical body by Mercy of the Father, eliminate, taking the opportunity to purge toxic substances that already existed in the body.

Our animals are attentive and vigilant.

Q: *What kind of animals does work with you?*

A: For this type of service we brought the big cats. We have lions, tigers and jaguars here. Every battle requires effort and for every effort demands a kind of race of animal. We will wait for upcoming hours submitting ourselves to the Father's Will.

Bear in mind the guidelines regarding vigilance, because the treacherous brothers look for you.

Keep carefully your thoughts and feelings harmonized and have faith!
May Jesus support and protect you!

05 – PRACTICING GOOD, YOU EDUCATE THE PRIMITIVE PEOPLE

Beloved brothers and sisters,

You were led to this place for a single goal. Happy are those called to serve and while answering the call, they work.

As you well know, it is not this or that one that you serve, but to the Planetary Christ.

Many of you don't understand yet, but your spirits will return stronger, due to the work performed in the name of Love. The distance trodden and the unavoidable expenses mean nothing, because shall finish, and the Father shall provide for you everything necessary.

But the work that you are helping to build remain forever and will be remembered by each one of the souls you had assisted.

It is practicing the good that primitive people can be educated and civilized.

It is through the example of Christian fraternity able to convert heathen souls to worship the God of Love, Kindness and Mercy.

Faithful servants! You were called to serve and the light from you will illuminate this people. Glory to God for the service performed. We are all happy with our hearts in celebration!

Hail the faith! Hail the force! Hail the Light!

Blessed is the Vineyard of Master Jesus!

*Father Joaquim of Angola (former slave)
GESH – 10/13/2000Xavante village, Serra do Roncador, MT*

06 - NOBODY IS BETTER THAN THE OTHER

Hail, Hail!

To unify requires so much efforts. It means call the Spiritist brothers, and hand in hand, work better.

Prejudice disturbs. Nobody is better than the other. We're all brothers. Accept us that want to work for the time lost in ignorance.

We can help; we have skills and knowledge. We know how to use the etheric forces of Nature.

Before, we used the knowledge about Forces of Nature to do evil; now we want to use it for Good, if you give us a chance.

Help means charity, because we can quit the debts and help those who need.

One Voodoo Mirin (*)
GESJ - 09/30/2001

We add: "when we help we are helped"

Note: (*) *worker spirit of backyard still appears like a child. They are rebel, disobedient that refuse discipline and to be evangelized. The one that manifested wishes to change the course of his life.*

Our Servants of Jesus Spiritist Group grants chance of working to every brother of the Spiritual Plane in need, since he wants to work in the Vineyard of Jesus.

07 - LOVE

Hail the little flowers of Jesus!

In this eclectic garden here, we can see rare flowers in all beds, each one with its own characteristics, but all with the same purpose: to comfort and clarify.

Love is the purpose of all Spiritist Centers.

Love is the apex in searching of all beings.

Love is the main obstacle for evolution, when it is self-centered and limited.

Love elevates, softens, soothes, opens the mind and expand hearts.

Love reveals the person's true identity recognized by its spirituality, not by your earthly titles; knowledge and techno-scientific evolution;

material goods, or economic and social condition; but, only for what he loved, donated, and when forgot himself in favor of the need one. In fact, how much he expanded Love from his heart, welcoming, warming and consoling the other.

These are the values that guarantee success and prosperity to the spirit, bringing as consequence, inner peace, and certainty of following through the straight road of the Christian Morality.

Little Brothers! Helped by Superior Brothers, we will also be able to evolve, helping the little earthly brothers.

We receive precious guidance from selfless instructors that help and assist us, as at this moment, by dictating the words transmitted, exemplifying Love.

We are brothers, as everyone knows, and we only need to experience this divine gift in our daily life. Slowly, we can touch the hardened hearts and when we find fertile land, even in a small amount, seeds precious are thrown there and the beds gradually go blooming, beautifying and perfuming this Great Earthly Garden.

Hail, hail the Flowers of Jesus!

Grandma Aninha
GESJ - 09/30/2001

Note: *Grandma Aninha presents herself as a black old woman who was a slave. Today, she has already redeemed herself from the past mistakes through painful reincarnation as slave, she is one of the workers in the Astral plane of Servants of Jesus Spiritist Group (GESJ) in Jacaraípe, Serra/ES, branch of GESJ-Vitoria, ES.*

Did you notice that beautiful page was received from Above by a humble ex-slave?... It's time to review our concepts about spirits of black, white and Indians.

08 – HANDS WILLING TO WORK

Blessed is Jesus!

Finally, they are remembering us!

We are also hardworking spirits in the Vineyard of the Good.

We don't have so much study, but we have our hands ready to work.

- Don't you need willing hands to build the Kingdom of God?

– *Of course, my brother! welcome to our House of Love and Charity.*

Nhô Quim

GESJ - 09/30/2001

Note: *Spirit of a black man who was also a slave.*

He accepted the invitation and is now a GESJ's worker.

09 - AFTER THE COMBAT

Little sister, grandma came to explain the events that left exhausted your body.

An ambush was prepared by Bosses of Darkness to abort your tasks.

They sent into combat, a high-ranking Being like you. Just as you command an army of Light here on Earth, although incarnate, he is a great commander of Darkness in the Astral.

In other lives, he and you had a great affinity to each other. When you were dueling, so that his heart might be touched and awakened, the past vision of both you were allowed, in some incarnations; however, even with the wear and tear of the hard struggle, you, sister did not fail. Recognizing a past great love in front of you, you felt that in such brief instant was necessary remove the veil of his great love, and for that, you would have to fight until your strength was exhausted, trusting in the Father for the awakening of that dear one.

When we fight against an enemy we are strong, but when we have to fight against dear ones, the situation is very different. The undertaken load of energy is larger, because love hurts the heart and you have to look for strength in the depths of soul, in the corner of faith to continue fighting.

This wear allowed the sister stay with your physical body exhausted of vital fluids, but the House Medical Team is treating you, replenishing your energies.

The sister was not hurt.

When your opponent recognized in you that love from the past, he touched himself, not to the point to drop the sword, but lowered it and calmly, he turned his back, abandoning the fight and went away.

With that retreat, he would stop, think, and for sure, change himself, because the Superior Brothers are working around him with other beings that followed up the entire battle.

Thence, the sister was once again an instrument at service of the Lord. He used her hand and sword in favor of the Light and Love.

Before beginning in the duel, were sent ahead you, various soldiers who joined your warriors to fight against his partners; so everyone was feeling a little out of orbit, as they say.

However, under blessings of God, the Light reached one more dark tunnel, and slowly, it will be opening like a giant sun.

Earth will surely shine on the sky like a star, adding another happy and radiant mansion in the Father's House.

May the peace of the Lord be in your hearts!

May Jesus Christ continue to illuminate your tasks, supporting your steps, opening paths, helping to collect the stones and pulling out thorns!

May your work be the purpose of your life!

May they never deny this purpose, because through it you redeem yourselves from the mistakes of the past!

May Jesus bless you all!

10 - THEY BEAR IN MIND THE ERASED TRIANGLE

The power of the word sweeps the house and cleanses the soul.

The force of Love that springs from heart washes the soul of all impurity.

A clean soul and clean house surely can assist the patients that arrive.

The work is protected and has not been affected by the attempts of dark beings.

Some people who left here remain strongly connected. Their hearts flutter hatred and hurt feelings and only want to destroy the work, which they no longer participate, discrediting the activities of the House.

Now, bear in mind our symbol "Triangle and the Cross", however, already erased: I mean, the GESJ already undone.

Poor children! Who can turn off the Light of Christ!...

11 – ARRANGEMENTS FOR THE RECEPTION

Clairvoyance: *I saw the GESJ's spiritual group decontaminating with silver light, the walls of rooms at the hostel where we were staying.*

Then, they brought too white covers for each one of us. Margarida received a blue cover with a hood. The cover closed at the front with a little chain, with the symbol of Master Ramatis.

Then spoke Nhá Benta, one of the spiritual servants of GESJ:

"Beloved daughters. I come to tell you that already we clean everything and your clothes are prepared for the important appointment. we announce the arrival of the Master and happily prepare ourselves to welcome him. We all are very happy for receiving him.

The sound of His name echoes around us adjusting our innermost fibers to the vibration of His Great Soul. It's like a good father who at the sound of his call collects his children around you.

The Light of His Eternal Flame already shines in our eyes, and we give thanks to the Infinite Love of God that allowed Him to be here with us. Faith, trust and peace for all you. From here, we watch over you.

Hail the Force! Hail the Light! Hail the Love of the Divine Great Master Jesus!”

12 - THE SPIRIT BLOWS WHEREVER IT WANTS

Blessed is Jesus!

I've been away for a long time, since the spirit that works as a Spiritual Guide of a medium cannot interfere in the choices this medium does, but it is also not obligation to follow his chosen path.

Therefore, when the choice was made by the Medium with whom I worked for many years, where would you set his own mind, from that moment on it fell apart the appointment, and I was waiting, praying to the Father, in earnest appeal, that there should be no dissidence nor fall, because a planning of mediumistic work requires a lot of effort from both sides to complete successfully.

It is with great sadness that we see much of the agreements signed in the Spiritual Plan undone by the illusion of matter.

Just a small part of the commitments assumed by the incarnates is carried out and completed successfully.

I continue my work of assistance to this House (GESJ), however, still for a certain time, directing my efforts, somehow, in another sector of work.

I assure you that it was not me who channeled any message, through the medium of another Spiritual House, because if she went away, if she did, as already said, there is no obligation that the Spirit Guide accompany her, especially when verifies the mistake made by the medium.

We have been working together for many years and I keep in my heart immense gratitude from GESJ for the opportunity of progress achieved, for strength of guidance and help for those who suffer.

This is the only path that takes us truly to happiness, cannot be neglected for futile and silly reasons.

I also keep, in my heart, the learning that I got from your firm words at the same time loving, inviting us to progress, even the language. Do you remember?

– *Of course, my brother!*

– Not just with me, but with everyone like me arrived here uttering a language still primitive, acquired at the time of slavery.

All of us black ones are grateful for opportunity of learning and work.

Here I remain because of that love that joins you and everyone who arrives here, in droves, each day.

The assistance service of this House is much important than you might imagine.

Each person who arrives here receives a quota of specialized energy and the physique is treated within the each other's needs. It is to this work that I dedicate at the moment.

– *Do you mean, balancing the energies of the assistants?*

Yes. Of those who sit down to hear the lecture and, while listening, receive the grace of balancing treatment. We shall even suggest that on lecture days, the public would come with their prepared minds, their bodies sanitized from heavy food that many of them still use, as well such as the use of cigarettes, which often delay the treatment.

Larger benefits these brothers would receive if came prepared, because most of the time is spent on primary cleaning. a bath before coming would help themselves a lot, saving our time. In many cases, the remaining time after cleaning we do it is so short that we can even treat it with the application of the bandage necessary, much less, in the delicate work of surgery, which in some cases could be done even in the room, without the need for asepsis more detailed.

And, for now, I'll stay with that activity.

– *The house is yours, Father Benedict. Our friendship comes from long time ago, from other existences and not from the time the brother started communicating with us, in Bento Ferreira neighborhood, in that “little nucleus”, at a friend’s house, in June 1968.*

– Yes, we already know each other from other lives.

Do you remember the message that was given, the time when we robbed caravans on the roads? I was part of the gang under your command.

In those times, not so much for the good, we acted.

Margarida: *We have progressed, spiritually speaking.*

Benedict: We have advanced a little.

M: *Continue in the GESJ, maybe the mind our sister awake. She seems to be hypnotized by vanity and presumption. The brother knows that the removal from the public tasks did not depend on me, but from our dear Mentor Ramatis who knows the innermost thoughts of all of us. He asked me that kept away from mediumistic work for a few months and during that period, I should dedicate myself to the study of the Spiritist Doctrine to rebalance the mind.*

Benedict: Right order, because since a long time the ties connecting her to her Spiritual Instructors had been disconnected; however, it was allowed she could remain for a while in an attempt to restore the necessary reconnection with the mediumistic task.

The sister was removed because there was no more intention of rebalancing. In her mind already formed the pernicious and polluting mist, which must be removed, so that did not reach other minds, disturbing them to the point of harming the services to the public and to the disembodied ones.

May the Light from Above fall on that sister and wakes her up, remembering the journey so far traversed and that still have a path to be trodden but with a mind and heart free of bad thoughts and of bad feelings.

May she awake in time and go her happy way, spending the remaining time in fulfilling the Plan established before reincarnating, because failing to do so, more suffering it will take to her future existences.

Do not desert you who still remain at work, because there is no greater sadness for the spirit when arriving in the spiritual plane, check your desertion and the whole work planned for him, to be undone by willful and blind choice.

The spiritual mediums do not recognize the opportunity granted them by the Father and will answer for abandoning the task.

Hail the Light! I say good-bye in the name of Jesus.

Father Benedict (former slave)

Remarks:

Today, he is Father Benedict, however in past incarnations, he was a doctor. When he started the communication with us, through a medium who has already moved away from GESJ, gave the name of Father Benedict and introduced himself to the mediums as an old black man who had been a slave. We made public this story, because the medium at the center where she worked now signs messages with his name. Then he communicates with us and expressly declare that is not him and explain the reason, spontaneously, on his part, without our request.

The decades of work we have in this area allow me to state that pride and Ego exacerbated by "many mediators" make them think that their Spirit Guide has their footsteps controlled and directed by them, mediums, and that also live jumping from here to there like monkeys, according to the medium's will that is, constantly changing Spiritist Centers, because in your judgment, none is good for nothing. They forget that not even the Group of Jesus was perfect: one denied, another "betrayed" him, and another doubted his words. Besides, they were always quarreling. Not yet there is perfect group of human beings on Earth.

They forget that nobody belongs to other. The spirit blows where it wants, and has free will. They forget that "guided" it is not a guide.

An old proverb already says: "Holy water and presumption, each one takes the dose he wants."

Days went on and here is another message by Brother Benedict in a public lecture, through Psychographic. Here it is.

13 – THE DREAM

A few days ago, I dreamed that I was walking around stranger places on the outskirts of some crowded city. However, I was not alone.

A nice little boy skinny, black, about 1.60 m tall took me by the hand. In the dream, I introduced myself as I am in physical reality: old woman, white hair, brown and about 1.50 m tall.

After walking and working a lot in that place, the dream ended. The little boy looked at me, smiled, and loosened my hand. At that exact moment, appeared in my mind the name Zambi.

I woke up at that moment thinking:

Why Zambi?... He doesn't introduce himself like that to fellow mediums?

For readers who don't know the history of Zambi, we explain.

Zambi has always introduced himself through clairvoyance to GESJ's mediums, like an authentic black African, Chief of Tribe, about two meters tall, quite strong, imposing physique and very serious face.

He is dressed in a very pretty leopard leather and another skin across the shoulder.

He was always accompanied by a tiger, a leopard and a lion; beautiful big animals treated well. Hence my surprise when at that moment I remembered Zambi!... I was intrigued and a bit curious about it.

Days later, we were at a vigil and Zambi spontaneously gave me the explanations needed to understand what had happened.

Margarida, GESJ - 02/2004

Zambi answers our request

As you know, every task needs the appropriate garment for its performance.

I recover the appearance of the old chief that I was, when entering the astral villages in search of those who lost their way begging for help. Then, I guided them to the most appropriate treatment.

When visiting the spheres on work in inferior astral, I adopt the clothing of the weak boy, avoiding drawing my attention to "hardened beings" that before "a little boy and an old woman", as you say, they perceive nothing and let us go ahead without major constraints, certain that we do not threaten their vile activities. As his son we transit calmly and go where the duty leads us, guided by the light of Master Jesus.

Thus, we spend our time on the sublime work of Servants of Jesus.

A loving hug.

Yours great friend,

Zambi
02/21/2004

Note: *In view of what you have read, evaluate whether by prejudice, discrimination we didn't have accepted Zambi and his 120 warriors, how much good we would stop practicing.*

God bless you, dear friend Zambi,

Margarida

14 - ALWAYS FIGHTING

Clairvoyance: *I see a Reptilian turn on the lighthouse. The light was red forming the word "WAR". A Warrior of Light arrives and breaks the red lighthouse, fights and banished the Reptilian. The same scene was repeated in various parts of the Orb.*

Then appears in another vigil in that same place a black being with a black panther.

He looks at us with disdain and then sticks a spear on the sand in front of us. Afterward, he turns his back, and says that was not yet time for confrontation.

Zambi, who was nearby, picks up the spear and throws it into the sea, far from the beach.

In our daily life, everywhere we go, I always see ourselves fighting.

15 - EVEN THE WEAKEST ATTACK FEARLESSLY

Blessed is Jesus! Blessed is Jesus!

My sisters, the dark ones insistently approach of you. The unwary ones fueled by an extra quota of energy of evil, even the weakest ones feel extraordinary empowered and attack fearlessly.

In the despair of seeing themselves defeated, with their redoubts being destroyed every day and prisoners released, they act in desperate and inconsequential way, manipulating the unbalanced mob as they wish, neither giving rest nor peace 24 hours a day in daily tasks.

While using subterfuge and stirring up inferior feelings of incarnates around you, create danger situations and traps that must be avoided. Avoid useless discussions, troubles and clashes in your daily life that can strengthen them.

The incarnating ones that are in tune with them and allow themselves to be dominated, manipulating them due to low vibration, later they will answer for the bad use of the free will.

Avoid feeding such a negative wave.

We are defending you, which is for us great joy by increase of Mercy.

We continue working with Jesus.

Blessed is Jesus!

Hail our Master Ramatis.

16 - ADVICE AND GUIDANCE

Blessed Jesus leading us!

Brothers, the light of the knowledge comes through teachings taught here. Keep you minds connected and willing to learn, and you are accessible to the Magnetic Superior Energy prevailing in the environment, and your bodies in condition of receiving and absorbing the healing energies you need.

Here we are as Servants of Jesus, willing to work for your benefit and also for those, who accompany you from the invisible plane.

Nothing we can do for you if you are not ready to receive the help you need.

Therefore, brothers, you must be with your minds connected with the teaching. When you hear and understand, your vibrations change, and put you in the position of receiving abundant energies that pour upon you from High.

The absorption of superior energy and benefits enjoyed by your body as a consequence, are directly related to your attention and understanding of what you hear.

Those who fall asleep during the lecture, disconnect from the environment, and lose the chance to take advantage of this superior energy. They are often listening to obsessors who accompany them, who do not want your progress.

He, who rambles on other thoughts of low vibration makes him impermeable to the flow of superior energy.

Keep yourself in a position of reception and better use of the healthy environment, so that you feel more and more lucid, healthy and ready, for you will always be supplied and intimately renewed, receiving and absorbing weekly, higher energy quota.

Jesus bless us!

17 - ONCE I WAS SLAVE

Hail Jesus! Hail Jesus!

Once I a slave. Before I was free and happy, shared serene peace with my dear ones.

Abruptly and cruelly imprisoned, I crossed the "sea of fierce storms", immobilized by chains, which for centuries remained stuck in me, dragging me into the valley of hatred and revenge.

So, I became a slave to myself, because I did not understand that such pain suffered was only the harvest of the improvident sowing that for millennia it had foisted on others.

After bitter fights, I woke up!

I understood that only the power of love and forgiveness through working with Jesus, I would get at last free myself, and with clean clothes ascend to new higher spheres!

At the moment, I walk the road of renewal, and as a humble Servant of Jesus in this House, I walk with former executioners, today brothers, the path of regeneration!

Save Jesus, beloved Master of Light!

18 - POWER OF LOVE

Hail, Hail little sisters.

All the power of love!

It is at this time they will all see the blessing of charity to welcome us old black beings, Indians and caboclos all working hard, offering all knowledge at "Service of the Light", my daughter.

The path of the little sisters, everything is clean, with many workers going ahead.

Before the little sisters step on, they had cleaned everything. My daughters, they remove evil eye, black magic work, and so on. No Warrior of Light take a step, without the path has been cleaned earlier. Do not worry, little sisters, because, in front of you, there are many brothers working in the name of the Light. Behind you are the Guardians protecting you, avoiding betrayal, and if there is any, that have to face, they will let you know. Then, there is no larger blessing in life than working with faithful brothers and friends, isn't it?

Margarida: *Of course, my brother.*

Father Joaquim: We are a family here, our Master is Ramatis, and Jesus take care of us.

If these other brothers could understand all that, a lot would change!

Margarida: *When you were in Olinda, what did you see on the other side?*

Father Joaquim: I have seen many brothers lost beside us asking for work, longing for communicate with mediums, but the doors were closed.

Margarida: *My brother, bring them here at Servants of Jesus Cologne there are rooms for everyone. Seriously, it's a shame! There are many Kardecist Spiritist Centers in Brazil with experienced mediums, but, due to pride or prejudice do not accept Old Black Brothers and Indians in their mediumistic work. Even thus, they call themselves reincarnating ones and know deeply the Doctrine codified by the distinguished Master Kardec.*

They forget, however, that the black one today was white yesterday and most of the time bad, perverse, cruel. And equally, the current white people, prejudiced and bad, one day surely will be black too.

Father Joaquim: This is the way to relieve the suffering, of which they are so afraid. It is the way for fraternity, cooperation, sincere friendship, either between “living” with dead” or “dead with dead”. It's just what's worth in this life, what you take to eternity, despite of the distance separating them, remain friends forever.

Margarida: *Are not the extraterrestrial brothers helping us?*

Many brothers who made progress like Nefertiti and Akhenaton, from the time of the missing Atlantis, they walked faster than us; but continue helping and loving us in the same way.

Father Joaquim: They return to help their dear ones. So is there anything most valuable in this world?

Now, too little can be done for those who are far away, my daughter, but those who are near need to know and learn, because they are in the same classroom at School (GESJ).

Those brothers who are here, they must understand, they cannot stop talking, and always repeating the value of sincere friendship, free from prejudice, and let us all work together in the Vineyard of Christ. You cannot prioritize only contact with Superior Brothers, just thinking about receiving benefits firstly, without thinking about those who are in need and donate help, because “it is in giving that you receive”, and receiving only comes, because before, there was a donation, when the heart was ready to receive.

We thank the Father for opportunity to redeem our past debts.

19 – VIOLENT ATTACKS FROM DARKNESS AGAINST GESJ

Brothers, we finished the cleaning that depended on us. The astral environment is clean and sanitized, as well the arrangements to end this stage of combat with the dark forces.

As far as we know, the Spiritist House is hospital to receive the sick souls offering the healing medicine. However, it is up to the patient, the hard task of abandoning the bad habits and lead his life in paths of light, not always easy or pleasurable, but always the wisest path to the one who wants, sincerely renew himself.

That the lessons transmitted by Evolved Instructors become teachings for all.

Peace forever!

Ana Rosa (former slave)
GESJ - 03/07/2006

Note: *The attack occurred because of unvigilant people who are part of GESJ's mediumistic doctrinarian group.*

"The instructors allowed the attackers so that those unfortunate brothers had the opportunity that wanted to abandon the dark phalanges, thus confirming the popular saying:

"From an evil one takes good." And many enjoyed the occasion.

The others were defeated, imprisoned and sent to exile. They made their choices.

Margarida

20 – FEED ON KNOWLEDGE THOSE ALREADY AWAKENED

Clairvoyance: *I can see Mrs. Margarida nearby Father Joaquim of Angola, Zambi and his great and beautiful felines that work with him in the astral. There was also a device emitting intense wave of energy around us, isolating us from external interference.*

Then I received the following message:

Blessed is Jesus! Hail the strength that leads us!

It was granted to work team to divulge clear and courageously about “End of the times” that you live.

Other groups, imbued with the same responsibilities, did not fulfill the projects assumed with GFBU “Great Universal White Fraternity” maybe by malpractice of the Leaders, either by abandoning the task by the medium, or even lack of faith that strengthens to face creatures devoid of faith and knowledge, dipped in materialism, criticizing and mocking the Servants of Jesus, who expose themselves in the revelations hindering who preach.

The trained mediums to follow with you right now, strengthening and giving larger credits to the revelations, they abandoned the task and bitterly will regret, in the future not far away, when facing the reality of facts that will show them how important is the responsibility ignored because of laziness, rebellion, selfishness, or vile interests.

For those who stay, the bale of the work is felt heavier and wear of the forces, once they are few and still harassed violently by beasts.

Your task did not finish yet. You still have Fight in the battles for which you were summoned.

Your cleared intuition realizes the least vibrational oscillation of minds that accompany you. (Refers to Margarida, GESJ’s leader). Wait and trust. Go and satiate the thirsty of knowledge of the few awakened and still with stumbling steps, they seek the right path.

Go! We remain with you.

Yours master,

Ramatis

GESH - 10/120/2006 - São Paulo

Note: We included this message that contains a very serious warning for spiritual mediums or channels that simply abandoned the task from a commitment signed in the Astral world, before reincarnating. And also due to presence of two black brothers, including Father Joaquim of Angola who was my father at the time of slavery in Brazil.

21 –WE ARE NEITHER ANGELS NOR DEMONS, BUT LIKE YOU.

Clairvoyance: *I see teams of old black beings, Indians and caboclos workers of our Spiritist House, GESJ, celebrating with similar ones linked to the group of São Paulo, which we visited.*

It was a very exciting meeting.

Afterwards, I received the following communication:

Hail, hail brothers!

Brothers, do not treat us as if we were sick ones.

We are children of God, like you, and we want to work. The father authorizes us, but many groups break our presence. Do not close us the doors of work now.

We need to work to redeem our faults, just as you need too. How would you feel, if scientists came to lock your houses of Religion stating that are delayed and inferior practices? So, we feel.

We are Indians, caboclos, old black beings, “Voodooos “and many other brothers who have already learned that our past road was wrong. But if you do not allow us by work and thread a new path, how will our future be?

We want to help, because we already waked up, and the father authorizes us. However, we need your support, since it is in healthy and disciplined exchange that our spirits can evolve.

Many people need us, but from here, too little we can do for them. The mediumship service requires deep knowledge, whose mechanism is still little known; therefore, it is necessary for lots of in debt spirits, manifestation and support in matter where we can help.

It is our appeal. We neither are Angels nor demons; we are like you, last -minute workers, begging for working.

Peace forever!

Note: *It refers to the discrimination at some Spiritist Centers do not accepting among their spiritual workers, former slaves, old black spirits, Indians, Caboclos, voodooos and others.*

Our GESJ welcomes them with open arms, as long as follow the House norms. Thus acting, we have already brought numerous valiant workers to Vineyard of the Lord.

Margarida, November, 2006

22 – OFFER OF TREATMENT

Blessed Jesus leading us!

Thanks for the opportunity to work of happy exchange with another brother and friend group.

Margarida: *It was through one of my children, that I found this Spiritist Center, RJ. Afterward, I knew they were friends from other lives and in one of them was brother of the current leader of this group.*

Nhá Benta: It is the plots of life that make the spirits meet. It is a great joy to know of the links that make vibrate the heart, beside those we love and hadn't met a long time ago.

Thanks to the father, who gives us this opportunity to service, reunion and realization. Now, my daughters, let's work, because not only of happy meetings, the spirit lives. It is necessary to work hard.

The little sister heard that the device of drainage used in your body was changed and Doctor Cruz of GESJ-ES), said that you could do your treatment at distance, for three Weeks, if you want.

Patient: *Every Wednesday I am teaching at spiritual work until ten o'clock p.m. There is no one to replace me. Who I could replace me is not in Rio.*

Nhá Benta: In case the sister is unable walking will not have to find a way there, my daughter? Another person should not replace your responsibilities? At the moment the sister needs to take care of her health, then work hard as it has been doing so far.

Patient: *Only after ten at night, could you?*

Nhá Benta: But at his time the sister should already be prepared, lying down calmly.

In this case, my daughter, the suggestion is the sister be at home on the treatment day, bedtime, following the guidance given, because will receive a visit from doctors of Servants of Jesus Spiritist Group.

The Indians who came with us will remain here and exchange knowledge with Indians who work with you.

The spiritual medical team, if accepted the treatment, will be present here on Wednesdays, treatment day, to provide you with home care.

It requires such organization with the mind connected to the treatment so that it occurs satisfactorily. Can you understand, my daughter?

Patient: I understand, but I'm stubborn person!

Nhá Benta: Our spiritual family was not gathered at random, my daughter. We are lots of stubborn spirits. It is why we are now here.

Margarida: *If you are too sick on the appointed day and cannot put your foot on the floor, will you over there?*

Patient: No way!

Margarida: *Think as if it was this way.*

Patient: On next Wednesday, I already have an appointment with all the mediums of our Spiritist House to treat my perispirit.

Nhá Benta: So, there is another reason. It must be chosen what is the treatment. Many doctors can heal, but it is not advisable to the patient go to two or three doctors at the same time. If each one gives prescription and the patient takes all medications, can appear until a new disease due to mixture, isn't it?

So the sister must choose.

Margarida: *You must choose which treatment want to follow, otherwise, they do not start it. Choose one or other.*

Patient: *What about on other Wednesday? Within fifteen days?*

The other treatment is once a month, on Wednesday for restoration of perispirit.

Nhá Benta: Did you, little sister believed on our spiritual medium's clairvoyance, about the artifact draining your perispirit?

Patient: *Yes, I believed.*

Nhá Benta: Then my daughter, it was changed for another artifact, developed outside this planet, with better healing properties. It is what we can offer now. The little sister can accept or continue with your treatment. We only that one is incompatible with another. The sister has to choose one of them.

The treatment we are offering will take three weeks, every Wednesday at 9:00 pm. And afterward treatment, the sister is free to proceed with your daily activities.

The recommendation is the use of green leaves of “sabugueiro”.

Patient: *It's hard to find it.*

Nhá Benta: The sister would like to make any question?

Patient: *Is my karma over?*

Nhá Benta: Oh daughter! When one ends the other is about to come. The Father is merciful and I wouldn't send it all at once. Is not it?

Patient: *I am not sure.*

Nhá Benta: No, daughter. If you could see with spiritual eyes, you would see that most of the Karma is still arrested, safe by M mercy of Father. Only splashes arrive, my daughter.

May Jesus bless us!

23 – KEEP THE MIND ATTENTIVE

In poor countries, thousands of in debtors rescue their karma in rudimentary life and primitive. Thus rescue the contracted debts with the neighbor.

Even dipped in the meat by blessed forgetting, in their souls the feelings vibrate inferior. The hatred crosses through the barriers of the infinite and even in poverty and misery, seek massacre and subdue other creatures that suffer in the same crucible of pain.

They are deep roots of hatred that dominate the creature, and even in the most adverse situations possible, the harmful feeling contained in the soul manifests.

It provokes the worst social contrasts. He, who has the highest material heritage massacre the poorest ones relegating these ones to diseases, abandonment and ruin.

Born black and poor, in an underdeveloped country does not awaken in souls immersed in hatred and millennial disputes, any fraternal feeling in favor of the community.

Unless they survive from misery and can develop intellectually, hatred will put you in dispute of the Power over the peoples oppressing and tyrannizing them.

They spend precious time on the matter struggling for temporal power, which allows them to take revenge on the creatures. The

tyrants of all time abused of the transitory power, massacring the peoples that dominate.

Antagonistic collectivities on Earth did not purify spiritually and still drag themselves in fratricidal wars of bloody battlefields.

The sown storms are unimaginable for the human mind. If you think they suffer a lot in the matter those who hate each other, you do not know yet meaning of the real suffering. Nothing will be bitterest when awakening their consciences, then to recognize themselves as the most responsible for their successive falls.

Moaning, will supplicate relief for remorse, forgetting in matter and by regenerating pain, returning to the abandoned path.

Until then, how many storms will still bring awakening? Only the father knows and in Him who everything can, to decide our future.

Sisters, persist in good, supporting the attacks of “Beasts”, keeping the minds vigilant in speaking and in acting so that you serve until the end. If the planning was other, and so many committed beings with the Light had abandoned it, it is up to the one who stayed, wear the armor of faith and follow Christ.

Do not forget that everyone should serve, carrying the cross without lament; However, over the time, the cross becomes lighter, because there will be lots of Cyrineans to help you on the path.

Hail the Light guiding us!

24 - THE TIME IS NOW

Peace friends!

We know of the difficult choices that arise before you at this hour and “powerful antagonistic forces” clash each other.

However, even immersed in the difficulty of hour that announces itself, you are called to define yourselves like sheep or wolves.

If definition inhabits your spirit, you will be in risking of the dangerous hybridity to become wolves with sheep's heads, or sheep with wolf's heads. In both cases you will be considered aberration, both in the

world of matter, where the Forces of Evil reign, and in spiritual world where the Forces of Good command the latest events.

We are one person, and on one side, we need to place ourselves.

The time is now! The moment is the present! A choice is yours. Defining oneself is a Christian imperative.

Blessed is Beloved Master, Jesus!

25 - FORGIVENESS OF OFFENSES ABOVE EVIL

When you no longer can walk, beg forces to Divine Conductor. Confidently cross the wild regions of suffering and pain, where surrender souls and redeem their faults.

You will leave safe and sound, being put back, with firm feet on the ground of life. The distracted ones nor will perceive the grace received, but those whose souls can already feel the Great Presence, will thank you, understanding that the forgiveness of offenses lifts us above evil and rejoins us the Full Forces of the Greater Good.

26 – CHICO’S WORDS ABOUT OLD BLACK MEN AND INDIANS

Clairvoyance: *I see Chico Xavier uttering a lecture for people incarnated, disconnected from the physical body while sleeping.*

Brothers, I am here in this assembly to warn you!

You must strive to overcome skepticism growing within your hearts and minds, regarding the reality of the facts, which can no longer remain hidden.

The Spiritist Centers that, par excellence, prepare spiritual mediums to work in the various Spiritist Houses spread around the world, introduce themselves, often with prejudice and erroneous ideas instilled in their minds, avoiding contact and demonstration with our brothers who were slaves and present themselves as old black

people or like Indians that had their incarnation, as an immortal spirit, in villages and in formerly green forests. These brothers have been excluded from Spiritist sessions.

We came to warn you that this anti-Christian attitude is devoid of basis in the Kardec Codification, and today puts you in an underprivileged situation, due to the moments of intense turbulence of the "Doomsday".

Brothers from other Galaxies and other Systems Planetary land on Earth and work side by side with terrestrial ones helping this Planet and humanity.

Brothers that also inhabit the interior of the Earth, manifest themselves with greater intensity in the struggle for the planetary sanitation of "end times".

If you Spiritist people closed the door to the earthly brothers for presenting themselves as black old people and Indians, an even greater barrier you built to the Intraterrestrial and Extraterrestrial Brothers.

In the recent past I was among you when we knew each other. Now here I am as a free spirit and you can't even imagine the New World coming for sincere servant of Jesus. Therefore, brothers, welcome all the spirits that arrive in your Houses Spiritist as brothers, offering them due respect and consideration.

Seek in study the necessary knowledge to open the doors of minds and hearts to the Extraterrestrial and Intraterrestrial Brothers, who voluntarily help us in this extreme hour of "end times".

Master Kardec granted us his extraordinary "Work", which gives us the basis for doctrinaire work; but, it will be through the opening of your consciences, without false prejudiced ideas, which prevent you from seeing, that you can contribute with the spiritual work for the redemption of suffering souls and awakening of their minds from ignorance in which they live.

Jesus is our Master and Guide.

Link your minds to the Inexhaustible Source of Love, and extend your arms towards the brothers who arrive with the sincere desire to help this debtor humanity.

Nothing prevents the spirit from ascending, evolving, but he makes thousands of excuses to park in error, ignorance and darkness.

Jesus bless you all.

Yours great friend

27 - REPTILIANS HUMILIATED AFTER UNEXPECTED DEFEAT

Blessed is Divine Jesus!

Blessed Master who leads us!

The big mess is armed. Is not it, my daughter?

Margarida: *You're right Sister!*

Nhá Benta: It's armed and there's going to be more, see little sister. You know what's coming, and it's for little sister herself, solve it.

These beings, unintentionally, give a sign of the victory for the Light, because they are dissatisfied with result of the combat. They lost the battle and suffered humiliation, which from their point of view, it is unacceptable.

Margarida: *It must be because we "put everyone to run."*

Nhá Benta: Their stampede demonstrated a weakness they do not accept. They ordered to punish cruelly, all who fled and were caught afterwards. Lucky for those who were defeated, for the Spirituality that works incessantly in this hour to rescue the largest number of individuals, took advantage of the situation to collect those who were slaughtered. Many of them have even been conducted to other locations. One more opportunity to rescue provided us by Reptilians.

Margarida: It's my sister, "from an evil comes a good", as says an old proverb.

Nhá Benta: Spirituality does not lose one second, and all forces at that time are turned for that task. Wait more "buckshot" coming and the vigilance that was already doubled, now is a general alert, because the onslaught of theirs will be much more violent. Surely you will be prevented by the Spiritual Instructors.

Margarida: It will be violent and if people (mediums, indoctrinators and volunteers) are not suitably prepared may succumb in the face of doubt or fear.

28. ZAMBI WITH HIS FAITHFUL COMPANIONS

Clairvoyance: *I see our great friend Zambi arriving. He brings his faithful Warriors, all accompanied by lions.*

Doctor Cross and Dr. Luke are with us. Behind each one of us, there is a nurse who will accompany our health throughout the trip. Afterward, I received the following communication:

Sisters and friends, we salute you in the name of the Light. The work on the astral plane is intense; countless are the onslaughts of Darkness against the Groups of work with Jesus.

The audacity from Workers of Evil is ever the growing. Associated with "explorers of space", new forms of attack plan and execute against unprepared creatures.

Great is the work by Servants of Jesus, and also is great the help of those Groups that in tune with the Forces of Good seek to guide your steps through the lessons of the Gospel of Jesus.

We thank you for the opportunity to exchange salutary and unity in fraternal work. With you we continue to watch over you throughout the round trip to your homes.

With Jesus, victorious, we overcome obstacles; and in His Name we carry the message of fraternity and love for brothers in Lemur City, which is an Intraterrestrial City located in Serra do Caparaó.

Peace and goodness forever in our hearts!

Zambi GESJ - 05/02/2008.

29 - MAKE YOUR CHOICES

Clairvoyance: I saw the battlefield where, Army of Light was positioned against the Army of Darkness to face each other.

Zambi, was in charge and many lions accompanying their warriors. Although, before giving the signal to start the fight, he elevated his thought to God and uttered a last appeal to the enemy warriors. Here are his words:

Brothers, you well know that the time for cleaning the earthly astral is arrived, and you, as backward spirits must decide whether to be Rightist of Christ following the Recommendations of High Wisdom and Moral or as Leftists denying for thoughts, words and deeds, the Precepts of His Gospel of Light.

By superior order, cannot remain in the earthly astral, the leftists of Christ, whose should be banned and the environment where live must be cleaned by the Forces of Light.

We are here to carry out the Father's Will and we urge you to abandon the ranks of the Armies of Darkness. All compassion and charity will be granted to the deserters. On the contrary, what the "dark beings" think, this desertion is not a sign of cowardice, it is a sign that understood the time to wake up.

Surrender yourselves in the name of Christ!

Zambi.

Clairvoyance: Soon after Zambi's appeal, there were gunshots, feet on the ground, and many screams. Some weapons fall from the spirits that were touched by Zambi's words. They lay down arms, knelt down and cry. Their companions advance on them to attack. The Forces of Good attract them magnetically and they leave unharmed from the dark ones, led by volitation, to Light. They are immediately forwarded to the Rescuers on duty.

The fight begins. The lions of Zambi are released. I see few lions and many female ones.

The Workers of Darkness are terrified. Some lay down the arms and run, try flee, but are overtaken by wild beasts that only overthrow and stand on them, face to face, supporting paws on their chest and snarling. That's enough for terrify them and many faint from fear. So the wild beasts go in search of other prey.

So goes the fight. Warriors with swords face each other, and the Servants of Evil are defeated until that the battlefield is free of dark beings.

Scattered across the floor only the losers. Then the trumpets sound announcing the victory of the Good.

The moon shines on the battlefield.

First aid teams got in play by removing the fallen ones, supporting the stumbling and healing the Warriors of Light who have been wounded. I saw one of GESJ companions, she was wounded in the arm, but was very happy for having participated in the combat.

Zambi, kneeling on one leg, steadying his spear on the ground, head resting on the hand that held the spear, ends the task uttering beautiful prayer of thanks to the Father:

Lord God, King of All Universes, Greater Governor of the living force that we are, enlightened our spirit, removed from within us the shadows, boosted our awakening and feeds our journey with hope of progress always necessary.

Thankful Father, we prostrate ourselves before You and of Your Work, our abode, the Earth. and for her we also thank you, because in the arms of the Mother Nature, we take shelter for due lessons.

Oh, Father! As if was not enough the gifts of life, of learning in the terrestrial sphere, still grant us the redemptive work, which we thank immensely.

And as if the fight wasn't enough you had guaranteed our victory, strengthening the unity and strength of friendly groups that share the same faith in your Designs.

Oh God! Bless the losers so that, in short time, they can also kneel down before You thankful for Your Infinite Love.

We were also the losers! From time to that wicked inclinations dominated in us, we keep only the certainty of each time more approach the purity of perfect feelings.

O Creator! Be blessed for all eternity.

We love you!

Hail the Light! Hail Your Messenger among us, Beloved Jesus.

Zambi

GESH - 05/02/2008

Clairvoyance: *And so another combat ended.*

Remade by the strong energy radiated from Above by Zambé's prayer we follow our little "Intraterrestrial guides" towards Lemur City. Along of the road, we saw rivers, waterfalls, woods and rocks. we entered in the City and its inhabitants together awaited our arrival.

Arcot welcomed and introduced us to the people of Lemur. We went through several streets and sectors and we visited many places. They showed the place where we will meet tonight, for the "opening of the gate" ceremony, where they will perform it with us; they are very happy.

There are lots of fruits and flowers everywhere we go.

It seems they investigated our tastes and did everything to please us. They even took us for an invigorating bath in waterfall.

We jumped and dove a lot, laughing and joking as if we were children in crystal clear water at a mild temperature.

Brothers and friends of the beautiful Intraterrestrial of Lemur City were very kind to us.

30 - ONE OF OUR FELINES PROTECT YOUR HOUSE

Warriors of Light.

The closer the final battles are the more the "forces contrary to the Light" harass the Lambs of Jesus.

By the same proportion, we get closer to you in the protection that every Worker of Christ does for deserving.

One of our felines protect your home.

For each home one of them was assigned in time necessary. it is worth bear in mind it and begging for your intervention before materialize the onslaughts of darkness.

We suggest that to fine-tune the harmony between you and them, every morning address to them the prayer of thanks for willingness to help and every night for the service rendered. That will put you directly in tune with their minds trained to protect you.

Do not worry, these brothers know how to distinguish you and your relatives from those against which they need to defend. There is not possibility of them attacking you.

Stay alert and advise family members to also establish a mental connection with these Workers of Jesus.

We place ourselves on duty in your Group; Here will only be authorized to enter the creatures the Father determine. The same must happen in your homes.

This task was assigned to me and will be fulfilled until the end of this period of attacks.

Peace for all.

Zambi – GESH – 09/05/2008

31 – HE, WHO HAS EARS, LET HIM LISTEN SAID JESUS

Brothers, the pain you feel are telegrams from your bodies, sending a message of alert referred to your spiritual condition.

Certain, the afflictions reach only those whose perception and understanding of the Kingdom of God is still delay.

Do not deny such assertions, under penalty of taking your time living with the pains and afflictions. Submit yourselves, as soon as possible, to the regenerating tests, so that suffering ceases and come peace, which will rock the building of happier and brighter future life.

Let him who has eyes can see: Jesus is with us;

Let him who has ears, can listen, said Jesus to us;

Those who have a sensitive heart to feel, let them feel, because the Master is all Love for us.

From the Sublime Mansions of Eternal Love, He commands the Beings of Light that come to our encounter and speak of Him. Let us elevate then, our mental frequency to receive them and form deep ties of love among brothers.

Peace forever!

Esther (*) GESJ, 09/14/2008

Note: [2] She is the same Nhá Benta, who was slave and then mistress. At the moment, she is a nurse at the GESJ Spiritual Colony, because in one of her past incarnations, she was a nurse.

32. CONSTANT PRESENCE OF ZAMBI IN OUR TRIPS

Clairvoyance: *I can see Zambi with his big size felines on the airplane, from there, Thence, idle spirits at random, in terror on all sides, and threw themselves out of the airplane. He, Zambi and his cats threw themselves on the corridor. Lots of spirits that still refused to leave, they were threatened by wild beasts, and jumped out. The cleaning was complete.*

There outside, two beautiful blue birds, about the size of an airplane, with a long tail, accompanied the plane; they were inhabitants of an intraterrestrial city existent in the Amazon Region, which by request of the local Ruler, we made the trip to Boa Vista (RR) for opening of a Portal of Light and put an end to a feud between Indians and "white men" that would lead many people to the death.

There was on board, a child who cried a lot. After departure of the unbalanced spirits that accompanied few passengers, she slept.

There were two spaceships of intraterrestrial beings on the airplane, and Intraterrestrial beings on scout spaceships. Protection complete.

On that same day, we received the comforting words of the spiritual friend, Zambi:

The Beast always watching over us.

Hail the Force! Hail the Light!

Peace on Christ, brothers! We are with you.

Faith and courage guide us on the Christian service of love and charity. Patience until our destination, where you will have new communications and instructions. Let's follow with Christ Jesus in thoughts, words and actions.

Evil awaits you.

Peace with you!

Clairvoyance: *I can feel the presence of the Beast watching us.*

Try to find us in our homes. Our “clones” disguise our exit, giving the impression that we will travel later than the planned. In the meantime, we were already a few hours ahead of him; which was a strategy from the High to let them confused.

33 – FAILED ATTACK

Clairvoyance: *I see Zambi with his faithful felines.*

One of them was protecting the door of our rooms and various others scattered throughout the hotel.

Zambi’s warriors were also on duty.

Zambi went into the bathroom of our bedroom where we were staying and to our astonishment had a sorcerer hiding therein. He held him by the neck and took him right next to a lion. The wizard afraid said that an attack was being directed towards all the hotels in the city, since they did not know where we were, but they knew of our presence in the city and of our intentions.

Zambi handed the sorcerer to a warrior and ran behind the hotel, where lots of poisonous darts was thrown against the building. Immediately the protective barrier has been reinforced.

I can see Master Shama Hare, taller than usual, staring at us. From him emanated the energy strengthening the protective barrier around our bedrooms.

After the attack, the Intraterrestrial brothers accompanied us to visit a cave, where the “boss sorcerer”, could not see us. He ordered the scorpions to attack on the four sides of the City, in all Spiritist Centers and Spiritist ones.

After the order, thousands of scorpions left for holes, to fulfill it.

34 - WORKING LOVINGLY

Clairvoyance: *I have seen a group of old black people acting on the spiritual plane. We're planning to visit all the Spiritual Work Groups of Roraima, region where we were.*

Hail our little brothers! Hail Force and Faith!

Hail the Light!

Blessed are those who have faith, for their life it will be fertile, and bear fruit in deeds of light.

We are the anonymous Servants of Jesus working with you. We are here in the name of Him who created us.

Our heart is full of gratitude for having received us in his House GESJ, allowing us to work.

Which is the guilty spirit that does not dream of service opportunity that redeems?

For that we are so grateful. The Father has given us a chance, saving us from the threshold; and this Spiritist House recognized the sincerity of the desire for renewal, giving us work.

We are against any enemy of yours. You are with Jesus! Against His Presence of Pure Love, who will dare?

Question: *What beautiful words, sister. They are pure lesson of humility, dedication and wisdom. Thanks for your love and help. What is the Group's task in this work?*

Answer: We shall act together with Forces of Nature, calling for the Orixás (Guardians of the Forces of Nature). We shall hear from them guidance on this region. We will know of forces that dominate, those that are dominated, and local customs.

Afterwards, we shall give information to our Superior Brothers to share with the instructions from the High and with the progress of work.

We are going to visit the black magic yards and map the denser regions, which astral requires immediate help. We shall transmit it to our Superior Brothers, and wait the instructions; if necessary, we will make contact; but for the time being, the orientation is to raise the local astral conditions and wait for the Command.

Clairvoyance: *I saw a witch with bulging eyes and too red. She was still incarnate, and did a magic work to find us, when we were concentrated. A kind of tracker vibrations. When I realized that she was getting access us, I put in mind the symbol of the Triangle and the Cross; and immediately, the image was materialized and burned.*

The woman screamed, jumped back and lost the image achieved.

GESH - 11/23/2008

35 – INTRATERRESTRIAL SMORK CITY AND OTHERS

Warrior brothers!

The fighting continues. The Armies of Light advance full of compassion, due to the spiritual blindness of the opponents. Each one that is shot is driven into the trapped nets to the transport spaceships and sent to the Mother Ship.

The Field of the Redeemed begins to shine.

The “beings sent by Darkness” approach.

Clairvoyance: *I see a huge scorpion and then another and another. They are big and walk underneath the earth. The brothers lit one of them so that I could see them. They carry within themselves thousands of puppies to launch them on the battlefield. At the sky, birds that I don't know appear commanded by Ashtar Sheram. They advance on the baby scorpions, holding them with claws and with their beaks remove the stingers.*

Question: *Brother Zambi, what I see has already happened or still will happen?*

Answer: at night, the most intense fight was with these beings.

Question: *Are they thought-forms?*

Answer: The smaller ones are thought forms, but the bigger, no.

Question: *Is the sorcerer there?*

Answer: Yes.

Question: Tomorrow, where should we go, to the North, or East?

Answer: First to the North, as requested and then east if possible.

The Indian brother who spoke is correct; he came tell you that he appreciates what they did, because he needed a lot of help. He says that Tupian said that a white people illuminate the Sun “Terra da Raposa” and would give the Indians strength to win the dispute of land, and enter into an agreement with white man.

He recognized in our Group, the Messengers of “Nhanderu”, which is Tupian in his language.

Master Kardec leads Spiritist beings from various parts of Brazil, which were brought together for this fight. The Towers of Light triggered energy field of the intraterrestrial Smork City linked to the **Light & Love City** in the Amazon that will sustain the Army of Christ forces in that region, generating currents for other positive Portals.

Clairvoyance: *Now I can see the inhabitants of Smork City linked to other intraterrestrial cities.*

Question: *Do you mean that these "Towers of Light" implanted activated “energy channels”, connecting the city of Smork to all intraterrestrial cities?*

Answer: Yes. It's time for this to happen, and then will come great understanding of the Brazilian Nation about the preservation of this forgotten part of the territory and so wanted by Retrograde Forces.

Note: *This message refers to the fight that took place in Roraima on the astral plane in November of, /2008, when we (GESJ) were there in response to the request of help to our GESJ through mediumship service in a High Priest of the Intraterrestrial Smork City.*

The Forces of Light won the battle and peace was restored among Indians, squatters and rice farmers up to now.

Sister Margarida,

It is a great joy for us to find all together.

At each Group meeting, at this location (on the beach), I gather groups of lost runaway slaves, who still need clarification about the world where they live now.

I invite the groups and guide them as they should proceed in a meeting of such high content. They must remain silent and ask Zambi to help them understand what they don't understand yet.

I explain who you are and the benefit that your presence and your Group bring to all those who still attach to times that never come back.

I try to find out in advance about the arrival of you and thus prepare the search for these sufferers to submit to the energies of the environment and of the Group.

May God reward them for such charity with those who still see themselves as slaves

Peace to the Group.

37 - GREED CORRUPTS SPIRITS AND PERVERTS CREATURES

Sisters of mine!

Hail the Light force!

Blessed is Divine Jesus!

Zambi is present.

Margarida: *We salute you in the name of God.*

We were already missing you because in all trips we made, the brother was always with us and this time, the brother hadn't come to say good morning!

Zambi: A lot of work, my sister and many tasks. We crossed through the entire territory of the island. Ours trained felines have embarked on all paths and located the “nuclei of dark beings” hidden and disguised. When they know of the Army of the Light, searched the caves and gaps in the rocks, trying to hide, and then, with the withdrawal of the Group of work, retook their nefarious activities.

The order and guidance from Superior Brothers is that; no dark beings remain in this place. The island will be clean, sterilized, and once the asepsis is done, deploy the Banner of Love and build the Tower of Light, which from the Father will receive the sustaining energies of balance and peace in this environment.

The time has come for the dominion to cease, the slavery and all suffering in this place, on the plane astral.

In the invisible planes no creature will remain, whether tormentor or victim, whether the sufferer or what he does suffering is divine determination and it will be so.

Our felines traveled all over the territory of the island by excavating and bringing to the surface in their teeth, the fleeing spirits. Many already passed out for fear when encountering tigers, leopards, lions and others. Stunned, not understanding what happened, they scream terrified for help and try to fight, but our feline friends patiently, without hurting them, holds them with paws or with teeth, grabbing them in the same way, as they hold their young people and transporting them to the places indicated by the Greater Spirituality. And so they worked on the whole territory.

On this piece of land, we can guarantee that no spirit hides; Everyone were discovered and brought to new life. If will remain in the "light", we can no longer guarantee, for free will grants them the opportunity to choice. We ask the Forces of Light for them, to that in a moment of lucidity and common sense make the right choice for their spirits, is our contribution. We came brought by the “spaceships” to contribute with the Divine Plan and having fulfilled our mission, at the end of the works, we go back to our locality, in Africa.

Margarida: *Is it the reason the brother is missing?*

Zambi: So much misery, pain, suffering, hunger and thirst. Greed corrupts the spirits and perverts the creatures, and where we are, it grows frighteningly. We needed to work for our people and having

received authorization, so we do. We do not refuse to collaborate with friends whenever necessary; being called, we will gladly and lovingly will be there.

Margarida: *It should be very interesting. In an island like this one, which has no wild animals, these spirits that were around here, at once, see a lion, leopard, tiger and other wild animals. It's actually terrifying any of us.*

Zambi: It was really desperate for them. We saw spirits of men and women jumping on the trees monkeys, so rapidly like monkeys that surprised us.

Margarida: *It was fear my brother!*

Zambi: Our ocelots caught them up quickly to complete despair. Everyone was caught and led to rescue locations.

No creature will stay here to tell history, but in their memories remain the services performed here, and all sorts of suffering, cruelty and atrocities committed. Everything will be in the memories of victims and perpetrators.

On the Island's astral there will no longer be access to negative vibrations created by lower vibrations. Here, only the sun burning the impurities and the wind blowing away the long history of suffering of this Island.

Margarida: *Thanks God! This region needed cleaning in its astral. For many years existed penitentiary with a lot of physical, mental torture and horrible sufferings. Hence our spontaneous arrival, to this location. We knew it was deactivated in the physical plane, however on the astral plane, we were sure of its existence of horrors.*

Zambi: Your tasks include the astral cleaning and earthly rescue excursions due to the thoughtless acts of the past. Each time you make it, a page of your past is turned, thanks to God who allows you to opportunity of redemptive work.

As for us, sisters and friends, it will be a great joy the possibility of being with you, side by side, fight again, in the name of the Forces of Light, for this is our fate for eternity, in the name of the Excelsior Jesus, honor the Forces of Good with our own hands.

Margarida: *In Africa, where at the moment the brother is working if you need help from our group, we are at your disposal, depending only on the Master Ramatis' permission. We will go in astral body, of course!*

Zambi: – Sister, let's study the possibility, if permitted by the Father, request your fraternal presence in those parts, highly harmed and in need of support, help and love indeed, because many disembodied spirits are revolted, hungry and animalized by find themselves in animalistic conditions, without able to meet their basic needs. Then, let's study about it and soon we return with the invitation for fraternal help in those parts.

Margarida: And we will, all of us, with great joy.

Zambi: Thank you in advance for the offer that make us happy.

Margarida: *Do you know that in the spiritual work that we carry out, to help the brothers in need, there is an Item only for Africa?*

Zambi: We know. We are the ones who send them to your Group.

Margarida: *The brother just surprised us... We didn't we knew it.*

Zambi: We select the oldest brothers in need to receive guidance and rescue. Many of them have karmic connections with Brazil.

In the Spiritual Colony Servants of Jesus, they will fulfill their karmic debts through reunion with loved ones and family of other times. We do everything possible.

We wished that other Spiritist Centers helped them like you, lots of spirits in need of help.

Thank God for the opportunity to help, but we feel it necessary to reveal to you the reality of life on the spiritual plane. There are many in need and few rescuers willing to reach out and help.

Many of the people think that disincarnating means solving the problems or say that dead care of their dead, being not necessary the fraternal concurrence and healthy exchange with incarnate beings,

It is a mistake to think this way, as many spirits when returning to the immaterial planes, find themselves in such a difficult situation that only through a medium, can assist in the rebalancing of bodily

energies, and then, to be embraced by spirituality, and successfully medicated his personal energies.

The mediumship exchange is not only job opportunity for the medium, it is also medicine for the spirits in need, who rebalance with the forces of the dense matter their own energies.

It is not a spontaneous rebalancing, because many auxiliary workers, who work around a “mediumistic work table”, help in the alignment of forces that restore the balance of suffering spirits. For that, there is a need of dense energies of those incarnated present therein, as well of ectoplasm that helps shape the energetic alignment of chakras of the disembodied spirit.

Complex work, when it is possible, we will let you know in detail; per hour, we would like you understand the importance for receiving work, through the incorporation of suffering and needy spirits.

Spirits of light do not need incorporation to realign their chakras and energies, but in this case, the opposite occurs when the spirit balanced and happy light incorporates or approaches a medium still connected to dense matter, assists him by aligning his energies, leaving in the physical body, at least for a few moments, hours or weeks, the perfect alignment that he makes himself worthy, by his own evolution; giving thus to the medium, the perception of happiness that he may find, by dedicating himself to progress, through work at Vineyard of the Good.

In the subconscious of mediums will be registered the happy environment, which one day will reach through work. In this way, the "spirits of light" do not only with knowledge, but also with this perception, collaborate in the progress of all.

Interchange is much more than you can imagine, due to your narrow view of spirits still infantile and imprisoned in physical life.

May the peace from the High be with us!

Hail Force of Light. Hail the Kindness of the Friend Jesus!

Zambi

Margarida: Brother, with all our heart we thank you for friendly presence, and also, on behalf of Brazil and the Island, this wonderful work and help given to Light workers here in Fernando de Noronha.

May you return in peace, happy for having your duty. fulfilled, helping whenever possible our unhappy little brothers.

GESH – 11/05/2009 – Fernando de Noronha, PE

38 - TIME OF PAIN AND SUFFERING

Margarida, Margarida, you went to work on a bowl full of poisonous snakes. But as sorceress that you were, it was not surprise. Now speaking from sorcerer to sorcerer, when I look at you, I remember our time of slave, when we did our work of black witch.

Times of pain and much suffering, when we were slaves. Today, in Umbanda, I am also considered an old sorcerer with the name of Cyprian. From here, where I am, I know your magic now it's for good.

I came attracted by your name and by the medium. Walking around here, I already know that it's a lot different from where I come from and the jobs I used to do.

But, as a slave quarters companion, I would like to once again, undo black magic with you.

I liked your people and whom you owe obedience. I've only been in the House for a short time and I've already seen what I have a lot to change, like the wrong things done in other houses, where I worked; but I'm an obedient old man and not afraid to put a hand in snake's nest, or to undo ills; I count with the light of the Father Oxalá and with the Nagô people.

I am now in your House of Charity and I only have to remember that your name now is Margarida.

Peace for you.

– I would like to say that I only met old friends from slave quarters here, and that all of us we will work together.

39 – DETACHEMENT MORE AND MORE

My sister, change the course of thought.

Detachment more and more. Nothing you can do for those who do not want help, because “this disease in your mouth”, the doctors at the House told us, it was triggered, by your thoughts of anguish, fear and attachment to family members.

Your organism received an intense load from the thoughts, as an installed disease. Try to get rid of the disease that triggered an inflammatory process that cannot end alone. That's why we help, but the sister can also help a little more, changing the thoughts.

You can get involved, my sister, but without unnecessary suffering. You will not be able to intercede for the avalanche of events in your family members.

40 - DIVINE MERCY WELCOME THEM

Hail, hail Margarida, great friend of long time.

Like so many friends from Umbanda and others creeds who joined to work in the name of Jesus, at this moment, the House (GESJ) that received it willingly, needs cleaning, due to the deleterious charge that our negative sister left after the consultation. We could not escape to contribute with the astral cleansing.

Worker who offers himself willingly, not choose the place, time or day to serve, show up whenever an opportunity arises, so here we are.

At the Servants of Jesus Shelter there will also be a cleaning and here comes, and here we are together with other Brothers of the yard joining forces in the name of Jesus, in the Vineyard of Good.

It is with joy that I say, Margarida. Many companions who were under the Chiefs of the yard are managing to free themselves and coming to live and work at ASJ. They come from a life of slavery and humiliation.

Divine Mercy welcomed them and we reward with affection, the generous welcome.

Hail the Love of Jesus

41 - STOP OR ADVANCE DEPENDS ON THE SPIRIT

Brothers, you are not alone.

On the troubled evolutionary journey, friends accompany your steps to help you in the spiritual progress. If discouragement overtakes you collect yourselves in prayer; if the burden is heavy, be inspired by the footsteps of the Beloved Master, who carried His Cross without deserving it.

At all times of this “end of time” you are involved in the dense energy surrounding the Earth, consequence from millennia of barbarism, which apex is now approaching.

Thank for the opportunity given to you, so that before conscience and the Father you can overcome the obstacles, which prevent you from being in better worlds.

You are just a few steps away from the finish line, and this victory belongs to you. The decision to park or progress is up to you.

That the choice be made with due responsibility, because the consequences you will reap or in the painful exile of separation or in the happy reunion in the lands of Good News.

Peace forever!

Father Joaquim of Angola
GESJ - 05/18/2010

Note: *For a while I was in doubt about signing this name, because I saw a tall white man with dark hair accompanying a group of slaves still with rings on their feet and hands, dirty and too hurt.*

At the moment before the message, Mrs. Margarida said that the person decides in the astral, whether assume or not the black form when he presents himself. After I wrote the name of this dear being who was a slave in one of his incarnations.

42 – WARRIOR ZAMBI READY FOR THE WORLD CUP

Brothers and friends, In the path of evolution are used many transformation plants, from primitive into sublime, redeemed forces.

The process of these energies is not easy, hence innumerable souls are stagnating in this stage, devoid of self-control, essential for the advancement in next stages of progress.

You know well that among the transforming plants are the sports modalities that channel, discipline and convert powerful energies into auspicious packets of light-force, avoiding with the escape of those, the distillation of poisons conflict generators.

If were it not for sports, many others wars would have appeared in the world. Unfortunately, not everyone understands the important role of sporting encounters. There are those who consider them a waste of time, others who face them as an opportunity for projection and policy manifestation. The latter, blinded by the desire for power forget the value of human life, placing feuds and disagreements ahead of true values that build the human condition.

We struggle for safeguard that opportunities for redemption are accessible to all; but often, the dark forces plan actions, which find in the unwatchful minds of human beings, the door to its expression in the material world.

We're ready.

We look for clues that indicate the origin of evil intentions of those who plan to trigger disharmonies, causing deaths, bloodshed and planting terror in human hearts.

We intend to stop them with help of our African people. Warriors from friendly tribes will form an army under our command and we will travel the road indicated by the Spiritual Instructors.

We will break any negative signal against the Presence of Light.

We salute the Love of God that allows us the tests and gives us strength to overcome them.

Save the peace! Save the Light!

43 - ACCELERATED RESCUE PROCESS

Save the light of Jesus!

Sisters, great disturbances involve the astral of the African Continent, due to the large number of people gathered for the popular demonstrations of the World Cup.

We are in an accelerated process in rescuing the black brothers died during the period of slavery and torture.

Those who disincarnated immersed in hatred are among visitors from other continents present there; disaffected and incarnated executioners. At this time, there are karmic encounters involving so much hatred, resentment and requests for justice for those who suffered in the hands of their executioners.

In order to avoid waves of violence in the country where the festivities take place, we are collecting the rebels of the astral world; what requires on the part of the volunteers, cheer and good disposition, because they are smart and quick in escaping. However, serving the Master Jesus, we acquire strength from where we didn't have to do the job.

Many of them will be sent to Servants of Jesus Colony by our leader Zambi.

We know, we can count with this House of Charity to help the suffering ones arriving here.

Blessed is the Father guiding us!

44 - WE ARE "SCOUTS"

Sisters, peace and goodness on the entire Planet Earth!

It is a great joy to share with you for such valuable work.

We come together in charitable and humble service, in dealing with needy and suffering brothers, from physical and astral plane.

Our Falange of Old Black Man, as well as others present here, much has learned with this Group and thanks to Master Ramatis, Master Shama Hare and John Baptist, we have been not only studying but also putting into practice what we have learned, while there's still time.

With the knowledge we have about black magic, cleaning or sanitizing of bodies and environment, allied to knowledge brought by our Extraterrestrial and Intraterrestrial brothers, we form an important army in the Hosts of Light.

We are “scouts” opening the way together with Indigenous Phalanges and Elementals, so that you a good atmosphere facilitating the clashes that occur against the strongest Negative Forces.

Our work does not require as much technique as required for frontline soldiers. But, likewise, we must police our conduct, follow the rules and discipline of the House, maintain the thought always linked to the Forces of Good, because if we make the slightest mistake, we put all our work at risk, overloading even more, the Greater Spirituality.

Humble in our task, we proceed fighting with faith and courage. So we will give more a leap in spiritual asceticism, each within their evolutionary level.

To you all, lights and blessings from Beloved Master Jesus, leaving you ion peace of the Lord of the Worlds.

45 - MORE ATTENTION AND SERIOUSNESS FOR CHARITABLE AND REDEMPTION SERVICE

Black old man also congratulates with you for the help from Workers of Light!

Here we are in name of the black people salute you for the work you have been done in the Vineyard of Jesus.

We shall work harder and with seriousness in charitable and redemptive service, striving against our imperfections.

We must prepare ourselves, mind and body, in tune with the Divine Laws to defeat the Reptilians who still want to stay there.

Many acts of authoritarianism and barbarism increase more and more into successive hatreds and revenges united with less worthy purposes of the Reptilians, culminating in decay spirit of various spirits.

All of us, workers of the Redeemer Master are committed to the liberation of those souls still encrusted in perversion and evil.

Let us trust, my brothers on Divine Providence to break all ties of hate, revenge and cruelty that imprisoned us in the abysmal regions.

Let's, all together, defeat the evil, rescuing the sufferers, in the name of the Master Jesus giving balm for their suffering and anguish.

Hail the Light leading us!

46 - EXILE

Clairvoyance: *I saw the Servants of Jesus Colony being attacked by black hawks. They seemed to search someone in the Colony but not managed to get past the shield that surrounds the place.*

After they had already arrived in large number, Zambi arrived riding on eagles gleaming white. There was a fierce fight in the air of the about the Colony and one by one were shot down.

When they fell, a gap was opened in the shield and they went into cages at Servants of Jesus Colony and then taken to exile spaceships.

47 – SHELTER!

Brick by brick, our working hands
solidified this loving House

Shelter, House, Safe House,
Here we arrived sad and aimless.

Today, greater joy exalts us,
in the face of our fading anxiety.

Gift, for taking part of the Army of Jesus,
Who from High leads us to the Kingdom of Light

Thank you very much, Sister Margarida,
for extending your friendly hand to us.

Thank you very much for opening the doors of this
House of Charity,
That heals the wounds of our brothers in fraternity.

Blessed are the Forces of Good!
Hail Love! Love, without looking at whom!

48 – THEY SUFFER DUE TO NEGLIGENCE, DISCRIMINATION AND PREJUDICE

Hail the Light!

Brothers, many black people still suffer in the astral as if they were at
the slavery.

Even in the matter they suffer from neglect, discrimination and
prejudice. because the white man ignores his brother from another
color, another race; but, like him, he is a son of God Father.

It is difficult for us to recognize such inhumanity.

We would like, one day, to unite in the matter as brothers in fraternity, in the redeeming service of Christ.

No matter our racial background at the moment, because in the path we travel, we take a little of each race in the construction of the Spark Divine, since the Earth represents a “great miscegenation laboratory”.

The color of the skin we cannot remove and there is not how to change it. So what to do?

Brothers, it is very sad what is happening to us because under the tutelage of our Master, we also receive the stimulus to progress and each one, according to his ability and will, must develop.

Earth received several exiles from several planets, with graduations of different vibratory levels, in order to improve themselves in the same Orb, until they reach the conscious maturity.

Slowly or quickly, the black race, as well like any other race, must also reach higher evolutionary levels, developing noble and true feelings among creatures, until its wild and inferior genes break free and the renewed spirit gathers strength, returning to their home world.

This is the purpose of coexistence among brothers: love sincere among men.

But haughtiness, pride, arrogance and arrogance persist in hardened hearts; and only bend before the greatness of Divine Plan, when they incarnate in black body, to develop humility, renunciation, forgiveness and faith.

There are always spirits that must incarnate in a black body, to transform their pride offender, reason for his rebellion and fall, in lofty virtues, above human sight. Thence, they will have a full understanding of their condition, seeking to revert situations created in the past, along their journeys.

Brothers, let us go forward with Jesus, humble and peaceful, bringing us even closer to the dictates of Divine Laws, which always offering us ceaseless opportunities for change.

Peace, Strength and Love.

49 – WE FORGAVE AND WERE FORGIVEN

Clairvoyance: This spirit, Anastácio, was brought to GESJ by Zambi and by Zumbi dos Palmares. I saw the both friends.

Peace among us!

Jesus, the Greater Force that guides us, be among us.

Freedom, I thought to achieve after death. Although, was still chained by ties of hatred and desire for revenge.

I devoted myself madly to quench this desire morbid, to take revenge on all the humiliation suffered, all human injustices.

I dragged others into the insane endeavor.

After years of suffering, centuries of pain and degradation of ideals, I created this Group when I began a deep understanding of true freedom.

Today, I know that for the soul to be free, it must have lived in all races; that it's not the color of the skin that makes the creature more, or less worthy but, the feelings who cultivates.

I understood the greatness of Divine Justice, and that freedom is having a clear conscience.

I have rescued the brothers that I have led astray from the path of hate and presented myself to the call of work in the Army of Christ.

Freed from the shackles of the past, today we are not fleeing blacks, but free souls.

We forgive and we were forgiven.

May Jesus bless us. There's a lot of work for the one who wants leave the Planet of Atonement and inhabit a Renewed Planet.

Let us work brothers in the name of Christ.

Freedom is loving and forgiving.

50 – BROTHERS OF SLAVE QUARTERS

Peace of Oxala!

For long time I have not seen Sister Margarida, friend of old journeys and old companion.

We work in the same vineyard but the tasks are many, not allowing our meeting; of her part in the battles, and mine, collecting our black brothers that you and your warriors set free from the shackles of slavery.

Brothers, if you could see them, tears would flow with compassion, given the situation in which we found our brothers in the slave quarters.

If it were only delay and attachment that hurt, but which are remedied by doctrine and patience, would not touch us so deeply. Sad is to see the hate that hardens their hearts because they do not forget their tormentors, many of whom are already incarnated.

But let's go ahead sister in the name of Jesus.

Peace and light in your heart.

From you friend of slave quarters,

51 – SPIRITUAL COMFORT FOR UNHAPPY WIFE

Blessed are the little flowers of Jesus.

This brother's addiction can provoke the attack from invisible forces and may even have a tragic outcome.

Drink takes away a man's sense and judgment, and the "anti-Light forces" take advantage of these situations.

If the little sister chooses to assist this brother (husband), then she should stay with him, have resignation, patience and remembering the explanations that the president sister gave, about her experience with who drinks, where silence is sometimes the medicine for the problem. The sister will feel safer, calmer, satisfied with herself, because we noticed that she sister gets more upset with remorse than

with insults, because she remembers that: from those who know more, more will be charged.

If the sister feels in danger, threatened, then she looks for a destination to live in peace; but, as long as she has the will and strength to assist to that brother, do it without confrontation.

Question: *I've been feeling some pain on the right side of my body and arm, but I've also been sleeping on a mattress on the floor.*

Grandma Aninha: Could be the mattress, which sometimes predisposes to these pains, but also the sister is nervous and depressed. In addition, we all go through reckoning. Now everything is debited to get a place in the sun.

Bear in mind GESJ strongly, when he is nervous; ask co-workers spiritual plane, to calm him down. know for sure that an outcome is near, in one way or another otherwise.

Feel more confident as a servant of Jesus, because the team of this House does not abandon the servants of Jesus.

He lives influenced and sometimes does not see it; he sees another person in front of him; therefore, the sister has to pretend not to listened, for not become worse the situation.

The sister has to shut up; and to throw out the chest anguish, she has to cry. because crying calms down, softens and washes the heart.

Cry, pray and renew your energies to continue fighting, because she will have more fights ahead, and she is not alone.

Blessed are the little flowers of Jesus! May this lesson serve for all those will pass their tests.

52 – PAIN NECESSARY FOR HEALING

Clairvoyance: *In the mantra at 3 pm mantra, all of us from GESH in a place that seemed to be a slave quarters or basement of former*

colonels' mansions. I could see several black people being tortured, others arrested to irons, and some being whipped by their masters. I also saw masters being tortured by slaves.

We face the executioners and fight for liberation of the brothers enslaved there. Among the Workers of Light, there was a person known through the pictures from history books: it was the slave Anastacia gagged. I believe she appeared like this to identify herself to my spiritual eyes. Then, she gave us the message:

Hail the Light of Beloved Jesus!

Sisters, we who have already felt pain and humiliation of slavery, today we fight for freedom for our brothers still attached to hatred and revenge, remaining in slave quarters and old mansions that no longer exist on the physical plane, but which in the spiritual world are still a reality.

With the Falange of Warriors of Light, I take advantage of the moment to inform you, that we join your "Group" in this work, to free our black and white brothers who ended up becoming hostages of former slaves, who in bands on the plane spiritual, leave in search of their former bosses.

I thank the Father for freedom of my spirit, opening my mind to understand that color of skin, does not represent the spiritual graduation of being human, but a momentary need to that person's spiritual progress.

I arrived at this knowledge, through selfless hands friends that willingly led me to the study and understanding of what I lived: need for the pain that heals.

Today, without a gag and free, I say to the black brothers:

Having a revolt of your color or seeking the pity of others, benefiting from his condition as a black, also are fetters that still hold them as slaves and this one of the worst kind, morality.

Brothers, free yourselves and serve without looking at whom.

Peace for all.

Clairvoyance: *After the mantra at 3 pm, I saw explosions of light radiating everywhere, mainly emanated from Master Ramatis.*

Sisters, hail the Light!

With the great explosion of light and presence of our Masters who radiated their pure energy we started a Spiritual First Aid for assisting the suffering spirits of this region.

54 – BRIDGE OF FRIENDSHIP AND LOVE

Hail Father Oxala!

Hail the Light.

Sister Margarida, I get permission to say that your visit to this place was not only aimed at liberation of former slaves in the battles, but in order to undo the "sorcerers' stronghold" who operated in this region.

They were former slaves who owned a vast knowledge, manipulation of energies of Nature, and still served the purposes of Black Magic.

With your knowledge of black magic, acquired in past lives, and today working with white magic, in the service of Good, it was easier to dismantle this "sorcerers' stronghold".

So that the strategy had the expected result, you retook your former form of the "witch Morgana", thus managing to deceive the enemies.

Several "magnet jobs" were undone, and more a "point of light" was lit, so they would know that GESH was here. From now on, we will be rescuing and referring the patients.

As they say: it was created a bridge of friendship and love.

Peace and Light.

55 – LOVING HANDS BREAK THE TIES OF PAIN AND SLAVERY

Clairvoyance: *I saw several blacks being brought by warriors of Zambi, so that they would receive the energy from Emissaries of Light present there. They were nurses, instructors, indoctrinators who with love were collecting former slaves from that region.*

At that moment Zambi said:

Sisters where the Loving Father orders direct us, we will be there to carry out the blessed task of freeing and directing our brothers to Colonies to receive due treatment.

Intense fight we will face tonight but the Beings of Light with their loving hands, will break the shackles of pain and slavery.

Abolitionists of that time also will participate in the battle, with their fervor and ideal of freedom. They joined the Army of Christ with much love.

Peace and Light! We will be with you until the end of this vigil, because of the enemies of this people, enraged try, in some way, to destabilize the harmony of the liberating encounter.

Peace sisters and Light to all of you!

56 - TRUNKS OF SUPPLICES WERE ALREADY REMOVED

Clairvoyance: *I see a vast dark field with many black people in chains, suffering scourges in blackened and bloody trunks.*

We entered the scene, because we would participate in it.

Mrs. Margarida said:

– Brothers, the environment around you no longer exists a long time. See reality!

Having said that, the gloomy atmosphere gave way to a green sunlit landscape. Then she continued:

– See my brothers! The tortures finished long time ago and yet you see and feel them the suffering.

The trunks of punishments have already been abolished and the “slave masters” inhabit other bodies, in new life through reincarnation. They suffer now on their own skin what you have suffered.

Here we are, in the name of Jesus, to set them free and clarify that life continues to be full and vibrant.

Then, at that moment, we heard an intense buzz, and hundreds of other black brothers emerged: dirty, scared, ragged, sick, dragging. Mrs. Margarida with great affection and pity, gathered them around her, enlightening them about friendly help offered in the name of the Divine Master and Protector, Jesus.

Many Servants of the Spiritual Colony Servants of Jesus, were with us and began to help the wounded and frightened brothers.

57 - REQUESTS ANSWERED

Sisters, Love brought you here!

We who fight on the spiritual plane to free our black brothers, we give thanks to Merciful Father, when we have our prayers answered.

In a moment of intense pain, when we saw that so many brothers stopped in time, still living slavery intensely, we ask God to send His emissaries to stop these cruel scenes; and the moment arrived, with the arrival of Warriors of Light, who with their well-known strength, courage and faith, helped and freed men, women and children who still lived under torture in these parts on the astral plane.

Sister Margarida, I kiss your hands Margarida because love for justice unites us.

58 – I TOOK THE LAW IN MY OWN HANDS

Sisters, Hail Peace!

I lost a lot of time of my life, in obsession for revenge against the “slave masters” who with lust imposed themselves on me, a young woman slave, who, due to her beauty, attracted the attention of colonels and little lords.

I suffered a lot with this subjugation and even with the mistreatment of the ladies, who with hatred and violence treated me when they saw their husbands looking for me.

I disincarnated under the whip of a gentleman whom I refused to serve him, and from being a victim, I became an executioner, taking the law in my own hands.

But the Father wanted my suffering and my revolt were not eternal. spiritual friends, among them Zambi and Chico Rei, sent me and other brothers removing us from this life of suffering and directing us towards the practice of good and forgiveness.

Here I am today, a worker of the Light, who feel happy to serve, in the task of freeing not only black people, but everyone who meets in slavery.

Peace, my sisters! It's what we all need.

Hail the Light.

59 – FREEDOM FOR BLACK BROTHERS

Brothers, Peace from Master Jesus to all of you!

It is with great joy that we announce the result of the work of "liberation of the group of spirits", who still lived in the illusion of being slaves, in zones of suffering. For there went dragged, not only by their executioners, but also, despite the fact that so much time has passed, were not willing to forgive.

We freed not only the former slaves of that region and its surroundings, but also brothers sacrificed in African rituals of black magic.

There is not a single point on the Planet where the Hosts of Good with their warriors, are not present cleaning and forwarding to the rescue spaceships, Colonies or intraterrestrial cities carrying out the planetary cleaning.

Brothers, as well as the small group, G3ESH, was there for the cleansing and liberation of black brothers, sleeping people were invited to sanitation of your Planetary Home, Planet Earth, donating, love and willingness to serve others.

He, who wishes to serve, let him give himself without fear, because, if well intentioned, the light will accompany him.

Peace for all of you!

60 – IN YOUR NAME, WE WORK

Hail the little flowers of Jesus!

Little sisters, after the storm comes the sun that shines and gladdens hearts. At this moment, has in air, a feeling of hope in the faces of the little brothers, already freed from the illusion of slavery where they were.

They feel that their children now have hope in a better future. They understood that the best thing is forgiveness that has been taught by dedicated teachers of Spiritual Colony Servants of Jesus.

Some are getting great progress in the treatment, because in their inner core had already seed of liberation; also the tiredness already exhausted the spirit immersed in hatred.

With the Aid Center working, pain from punishments that they still carried in their souls, are being treated with all love and affection; and the own local residents, in their meekness, have helped much in restoring peace in that place.

To You Master Jesus, we offer this prayer and thanks!

61 – ONLY THOSE WHO WERE BLACK PEOPLE!

Brothers, may Peace of Jesus be with you!

Only those who were black people know the weight that represents to be them.

Prejudice and mistreatment, neglect and indifference, hatred and violence.

Only after feeling Love of Jesus vibrating in soul and know the Reincarnation Doctrine, the pain of being black is over, without revolt.

Remaining in rebellion, the black people continues being like the one who, insensible and evil, hurt him.

Only love frees the creature from all hurts, resentments and hatred.

Only love is able to overcome any difference of race, creed or nationality.

I am a free soul and I am of all races.

I am a free soul who wants to fly beyond the storms of the reincarnations of pain, and inhabit the World of Peace, which with Jesus, I learned that exists beyond dimensions of this Planet.

This House of Love (GESJ), opened my mind and my heart to knowledge and work that will allow me to inhabit the New World.

Work is the means of saving us. I work with Jesus, in helping the needy neighbor, the Planet and ourselves, turning darkness into Light.

Thank you, Servants of Jesus.

When I met you, I already had a lot of experience as a warrior, and with you I was able to improve my skills and rescuing those I left behind.

Jesus is our Shepherd and will lack nothing!

62 - LIKE ATTRACTING LIKE

Blessed is Jesus!

After this scenario that were shown to the sister, you can imagine on how many you get right, how many rescues need to be made to balance this brother's life.

The knots made in other lives are being dismantled and emerged in some way, where everything needs to be right. According to the Father's Laws, we cannot interfere on the free will of people, and the help for this brother is in the sense of easing his mind and heart. This can be done although, like attracts like, and then, due to the mental connection that one finds. when looking for alcohol to calm down, approach near that little brother, those invisible companions who take advantage of the opportunity to satiate their addiction.

Unfortunately, sometimes the pain needs to be stronger, to wake up under the pain.

It's everyone's time. Unfortunately, sometimes the pain needs to hit hard to wake up.

The Supreme Father does not abandon any of His children and whatever deserves it will be given them.

What the sister can do, to pray asking the Master Jesus to enlighten this brother's mind.

It is a hardened, unbelieving spirit.

Don't worry, at the right moment he will take the better direction to him.

We understand your heart and your concern as mother, but as we said, we can't interfere on the free will of any brother.

He can take seven thick salt baths.

Guide him so that, if he feels like it, he feels in the depths of his heart a desire, he seeks in the Gospel the consolation, the breath.

Blessed is Jesus!

63 – LOST ON THE ROADS OF MISTAKES AND ILLUSIONS

***Clairvoyance:** I have seen a dark road surrounded by dry plants and thorns. There was walking a group of black men strong and tall that were hurt and some were helped in the walking. At a given moment, they sat down to talk and remember the times of slave and name Oxalá, looked upside and saw a star shining, which decided to follow.*

The star's brightness opened a portal given in a forest. Ahead of them appeared Zambi inviting them for treatment and work in the Vineyard of Lord Jesus.

Hail the strength of the Father Oxalá.

Sisters, lost on the dark roads of mistakes, we tirelessly sought peace for our minds and rest for our bodies exhausted and wounded.

One of our companions remembered a prayer that a brother in the slave quarters used to pray and on that moment we looked upside and a star shone as if it were inviting us to follow. Since we had nothing to lose, we decided to look for it (star).

At that time, came to our minds a name forgotten for us unbridled pursuit of revenge, lust and paid work. The name Oxalá sounded stronger and we were sure where to go.

We entered the land of Aruanda, where a man of features firm and honest told us, he was our former leader when incarnated, but

because of lots of mistakes made along of lives, we get lost and failed, unfortunately.

When he said his name my mind opened touched deeply, because therein was the strength and our leader from which we distanced by pride and vanities, which only made us change the direction of the light we followed.

Zambi, whose name brings us courage, confidence and the most important thing, hope that today sustains us to advance, because the Light of Oxalá brought us back to Aruanda.

There is still so much within us that we must face, but now we have friendly hands to help and lift us when we fall.

Sisters, for those who come from abyss, the treatment is similar that of an addict, because the toxins still permeate the rescued person's perispirit.

We fight yes, because we are warriors by essence, but now with resignation no more competing for place of command. We fight in the lowest ranks low, with much pleasure and love.

It is harder to overcome our imperfections than defeat an "enemy" in battles, when we are not our own enemies. One step at a time, one day after another and taking into account mind at the end of the day, another day I won and so we walk.

Peace of Oxala.

Peace of Aruanda.

I speak on behalf of the warriors of Aruanda and if we get permission, we will rescue more companions lost on the roads of errors and illusions.

64 - LOVE...

Love is the greatest feeling that drives the person for spiritual ascension.

To love indeed means to strip oneself from "inferior Self" and its bad influences; answering the sublime appeals from the High.

On the simple manger, Love flooded the land with light;
In the sacrifice of Golgotha, Love transformed hearts;
Light's transfigured Love was reborn stronger to govern the Earth.
May Love free you from darkness, lifting you to the Light of progress.

65 – THERE ARE NO BORDERS FOR THE SPIRIT

My brothers!

May the peace of God be with you all!

Men have forgotten that for the spirit there are no borders to separate us. As to differences in color, race, language and other factors, exist only for the progress of Planet Earth and spiritual growth of humanity.

The “times have come” and difficult moments have to face.

We were chosen to work with this Group that has an open mind and without prejudice.

We present ourselves with garments used in one of our incarnations in Africa.

At that time, we worked with black magic, subject that we really understand.

– I inquired about the “Zombies”, which we treated that night, before this brother had incorporate and so he manifested himself.

– This Group of people present here has already worked with "black magic". He told us that we also killed human beings. Then in the spiritual plane, after so much suffering in the inferior astral, we obtained a very difficult return. We are currently trying to rescue the rest of our faults of the past, working in favor of others and doing magic, but for good.

He continued:

– For a long time, we have been working here in the GESJ, helping to undo the work of black magic and also in disintegration of thought-forms and miasmas. We also visited hospitals, homes and work

locations, where we are in charge of the fluidic cleaning of these places and of the GESJ's Spiritual Hospital".

So, we are in charge of Fluid cleaning of the whole GESJ's.

"Since the Brother knows well black magic, very well, we would like to know if, in fact, there are zombies, because since I was a child I always hear this expression: "You look like a zombie".

– Yes, there are.

– *He told us that zombie are native from Africa in the practice of black magic and from Africa taken to Haiti. Then he completed:*

– Brazilian indigenous people know the technique, but often is not allowed to practice of black magic against a certain person, for the non-existence of karmic debts in this area.

Generally, creatures such as zombies, or people that certain "spell" hit, were or are closely linked to black magic. It's not by chance, they are hit by certain "spells".

Auto-suggestion in cases of zombies used to achieve apparent death state, due to the use of chemical drinks manufactured by sorcerers.

– *The leader of our Group that had already read about it, she said:*

– *The person apparently dead is buried in the cemetery, as it occurs to anyone, However, in the early hours on that day, secretly, those who caused the death of that individual, with use of antidotes also prepared by the sorcerer, resurrected" him.*

– *What about the situation of the spirit? it stays beside his body, or keep away?*

– The spirit is connected all the time to matter.

Then, she said, in Africa at that time, victims were earlier marked. From that moment they were under influence of the sorcerer, then, it was easier to make them to drink the substance, because they were already dominated culminating with the drink that would lead them to apparent death. Then they were buried; later removed from the grave and through black magic were "resurrected" without antidotes.

Using auto-suggestion, this process was applied when the effect of the drink was wearing off which put the individual in a state of catalepsy.

Zombie feeding was frugal and specific for them, because that way it would be easier to control through black magic.

Rarely people managed to escape from subjugation. Thank God we are already better, this past made us suffer very much.

Asked whether the GESJ's components present in that meeting had been a sorcerer in a past incarnation, he said the following:

– Among of brothers present at this meeting, eight were black magic practitioners, three not, and just one adept.

The works of sorcery were developed in India, Tibet, Egypt and Uganda (Africa).

– He finally told us that he himself and his group of African warriors were working at GESJ at service of our Master Ramatis. The Leader of the House, in turn, stated that our Spiritist Group has an open mind and accepts any brother who wants work with us, regardless of creed, color and nationality, without discrimination, because we are all brothers, children of the same Father, who is God.

Then, we asked his name, and he replied:

– Zambi. I work with a phalanx of 120 warriors.

– The brother was already present at our meeting, when we talk about existence on the physical plane, people who have been turned into zombies?

- I heard the conversation.

– Is it a reality on the physical plane? Or rather, these “worked” people, zombies, continue to exist on the physical plane?

– Yes, as I described above. So I approached to clarify it.

Note: Since some time, on Monday meeting, he stood at a certain distance from the work table where we concentrated, a black man, authentic African, quite tall, with about two meters tall, with a very serious face, wearing leopard leather pants and having a fur cloak pierced across his chest very beautiful, also leopard. As a weapon, he carried a spear.

His companions wore only a loincloth of animal skin.

Everyone stood in silence; until, at that day, the Group Chief spontaneously decided to approach and talk, starting a great and wonderful friendship among us.

For the spirit there are no barriers: it “breathes where he wants”. In this way, Zambi manifested himself for the first time in our GESJ.

1997 or 1998.

66 –THE BLACK MAGIC

After we had talked so much about magic; we ask our dear Master Ramatis what was magic. He gave us this lesson:

“Magic is transformation.

The manipulation of energies existing in the universe, generating resulting energies, capable of acting in different ways. It consists of what you call on Earth as Magic.

The word derives from Greek prefix that indicates turning, moving, manipulating. The magic, therefore results from the movement of energies with specific purposes.

In the universe, everything is magic, because the universal cosmic forces move in constant cycles, which end is creation. As a result, from natural movement of these forces, we obtain life, being it, therefore, the magic called pure or white.

All movement promoted by man in the sense of misrepresenting or circumventing the Father’s designs, or even of His Natural Laws, it is force being manipulated in the opposite direction to life. There is absence of light, therefore this magic is called black.

Question: *Master, my mind feels much discomfort hearing about this subject. So, it is difficult to capture your thoughts. What is wrong?*

Answer: Don't worry, it's your conscience that puts an obstacle to the painful memory of so many spells practiced in the past. Humans and animal's sacrifices in their eagerness to dominate. As Mayans, you were gathered in a “satanic confraternity” worshiping “dark gods”, fed on blood of young virgins.

As Romans, you were opponent sorcerers, acting in isolation, manifesting the selfish and individualistic side of the distorted gift. Many of you warred among yourselves competing for the preference of pharaohs and important figures of the powerful courts.

Thoughts and actions promoting rituals of attacks, potion creation and attempts to poisoning. If today you are targets of so many onslaughts, it is because the veil of the past has been dissipated not too far away, it was you who instigated each other with the unruly practice of magic.

And you, little Margarida, whom I initiated personally, as a much-loved daughter, mysteries of magic, you come from a lot of mistakes and provoking them that threw you into the situation that, as you know, you have been rescuing in this existence.

After much effort and careful planning by Lords of Karma, we managed to gather for you the main characters linked in the follies of magic, offering you the opportunity to rescue benefactor.

Work unpretentiously, all of you, changing the bitter taste of negative energies reaching you, always remembering they return to you, waves of selfishness and passion for power that dominated you in the past.

See that today, instead of selfishness, it is charity that moves you and, instead of the desire for power, the anonymity sustains you. Firm and courageous as you have always been, you move the powerful forces of the soul, making them what they were before, be transformed by magic.
